

Record Key Overview

Question	Answer
<p>What is the relationship of the Record Keys for 2011?</p>	<p>Beginning with the 2011 Appendix III, all records will be formatted in a pipe delimited file requiring submission of data without padding or zero filling any fields. In addition, through the use of Record Keys, the 2011 Appendix III records will reduce or eliminate the need for sending duplicate or redundant data in order to tie data elements from one record to data elements contained on other records. In 2011, data will be collected on the appropriate record and “key” fields on that record will be used to identify associated records where data elements can be collected as needed from the records associated with the key.</p> <p>For example:</p> <p>The Insurance In Force, “P14” record contains the following record keys:</p> <ul style="list-style-type: none"> • AIP Policy Producer Key – ties the Insurance in Force, “P14” record to the Policy Producer, “P10” record. • AIP Insurance In Force Key – contains the key information for the Insurance in Force, “P14” record. • AIP Insurance Agent Key – ties the Insurance in Force, “P14” record to the Agent, “P55” record associated with the P10 & P14 records respectively. <p>This change allows more efficient storage of data elements, reduces the potential for errors and allows PASS access to all of the information necessary to process RMA’s business more efficiently.</p>
<p>What has changed for 2011?</p>	<ol style="list-style-type: none"> 1. For 2011 each Appendix III record will contain a unique record key identifying that record and the information contained on that record. In addition each record will contain record keys from records containing data that is tied to another record. For instance the Acreage, “P11” record will contain the record keys for the Policy Producer, “P10” and the Yield, “P15” records because, the Acreage, “P11” record information is tied to information contained on the Policy Producer, “P10” and the Yield, “P15” records. 2. Records that do not contain information tied or needed by other records for processing will not contain multiple record keys, for instance the Fund Designation, “P09” record will only contain the key field “AIP Fund Designation Key”.
<p>Why were these changes made?</p>	<p>These changes were made to allow PASS to more efficiently and accurately track and connect data elements required for processing RMA business.</p>
<p>What are the specific changes?</p>	<p>Specific changes to the 2011 Appendix III include the addition of the record keys to each of the Appendix III records. A detailed list showing the record key fields is attached.</p>

Record Key Overview

Question	Answer
<p>How do the relationships between the records work?</p>	<p>The tables below detail the key values on each record. The diagram below illustrates the relationship of the record keys to the actual records.</p>

Record Key Overview								
Record Number	Record Name	Primary Record Key	Parent Record Key 1	Parent Record Key 2	Parent Record Key 3	Associated Record Key 1	Associated Record Key 2	Associated Record Key 3
P9	Fund Designation	AIP Fund Designation Key						
P10	Policy Producer	AIP Policy Producer Key						
P10A	Policy Producer Address	AIP Policy Producer Address Key	AIP Policy Producer Key					
P10B	Policy Producer Other Person	AIP Policy Producer Other Person Key	AIP Policy Producer Key					
P11	Acreage	AIP Acreage Key	AIP Policy Producer Key	AIP Insurance In Force Key	AIP Yield Key	AIP Insurance Agent Key		
P12	Payment	AIP Payment Key	AIP Policy Producer Key					
P13	Inventory Value	AIP Inventory Value Key	AIP Policy Producer Key	AIP Insurance in Force Key		AIP Insurance Agent Key		

Record Key Overview

Record Key Overview								
Record Number	Record Name	Primary Record Key	Parent Record Key 1	Parent Record Key 2	Parent Record Key 3	Associated Record Key 1	Associated Record Key 2	Associated Record Key 3
P14	Insurance In Force	AIP Insurance In Force Key	AIP Policy Producer Key			AIP Insurance Agent Key		
P15	Yield	AIP Yield Key	AIP Policy Producer Key	AIP Insurance in Force Key				
P15A	Yield History	AIP Yield History Key	AIP Policy Producer Key	AIP Yield Key	AIP Insurance in Force Key			
P20	Disbursement Detail	AIP Disbursement Key	AIP Policy Producer Key					
P20A	Disbursement Detail	AIP Disbursement Detail Key	AIP Policy Producer Key	AIP Disbursement Key				
P21	Acreage Claim	AIP Claim Key	AIP Policy Producer Key	AIP Insurance in Force Key	AIP Acreage Key	AIP Adjuster Key		
P22	Inventory Value Claim	AIP Inventory Loss Key	AIP Policy Producer Key	AIP Insurance in Force Key	AIP Inventory Value Key	AIP Adjuster Key		

Record Key Overview

Record Key Overview
