BULLETIN NO.: MGR-15-003

TO: All Approved Insurance Providers
All Risk Management Agency Field Offices
All Other Interested Parties

FROM: Brandon C. Willis /s/ Timothy J. Gannon for 6/1/2015
Administrator

SUBJECT: 2016 Fall and Perennial County Crop Program Deletions

BACKGROUND:

The Federal Crop Insurance Corporation Board of Directors approved the deletion of a number of county crop programs for the 2016 and succeeding crop years. The following attachment, 2016 Crop Year County Fall and Perennial Crops Program Deletions, lists the deletions by commodity, state, and county for permanently-established (non-pilot) programs. These county crop programs were recommended and approved for deletion due to the fact that no participation by any producers has occurred within the last five years.

ACTION:

These county crop insurance programs are being terminated effective for the 2016 and subsequent crop years. Even though there has been no participation in these county crop programs Approved Insurance Providers (AIP) are encouraged to monitor their book of business because if an AIP accepts an application or fails to timely cancel a crop insurance policy for the 2016 crop year by the cancellation date, no reinsurance will be provided. The Noninsured Crop Disaster Assistance Program (NAP) is available to producers of these crops in these counties. Information regarding NAP can be found at: <http://www.fsa.usda.gov/>

Attachment

DISPOSAL DATE:

This Bulletin is for the purpose of transmitting information and its disposal date is October 31, 2016.
