**Description of RMA Determinations by GRP/GRIP Offer  
(Includes information reported to RMA as of April 9, 2013)**

**Total for Crop / Planted Yield** - calculated as the acre-weighted average of 2013 yields reported to RMA as actual yields by crop insurance program participants in the county for the given commodity. If a participant was found to have un-harvested acreage claim(s) in 2013, appraised production from these claims was deducted.

**Total for Crop / Harvested Yield** - calculated as the acre-weighted average of 2013 yields reported to RMA as actual yields by crop insurance program participants in the county. If a participant was found to have un-harvested acreage claim(s) in 2013, acreage and appraised production from these claims was deducted.

**Irrigated Total / Planted Yield** - calculated as the acre-weighted average of 2013 irrigated yields reported to RMA as actual yields by crop insurance program participants in the county for the given commodity. If a participant was found to have un-harvested acreage claim(s) in 2013, appraised production from these claims was deducted.
