INFORMATIONAL MEMORANDUM: PM-15-052

TO: All Approved Insurance Providers
All Risk Management Agency Field Offices
All Other Interested Parties

FROM: Tim B. Witt */s/ Tim B. Witt*
Deputy Administrator

SUBJECT: Stacked Income Protection Plan (STAX) Modifications

BACKGROUND:

The Agricultural Act of 2014 (Farm Bill) instructed the Risk Management Agency (RMA) to offer the Stacked Income Protection Plan of Insurance (STAX) to upland cotton producers for the 2015 and succeeding crop years. The STAX program became effective for the 2015 insurance year and was available in all counties where insurance for upland cotton is available (see MGR-14-011).

After considering feedback and input from various program participants during the 2015 insurance year, RMA is making several modifications to the STAX program as follows:

- Allow producers to elect a zero percent coverage range by practice;
- Allow Written Agreements that affect insurable acreage to apply to STAX; and
- Make STAX coverage available for cottonseed through an optional endorsement.

ACTION:

RMA will place, by close of business today, the 2016 crop year STAX Crop Provisions and STAX Cottonseed Endorsement on the RMA Web site at <http://www.rma.usda.gov/policies>.

Interested producers should contact a crop insurance agent for further information. A list of agents can be found on the RMA Web site: <http://www.rma.usda.gov>.

DISPOSAL DATE:

December 31, 2015.
