INFORMATIONAL MEMORANDUM: PM-17-035

TO: All Approved Insurance Providers
All Risk Management Agency Field Offices
All Other Interested Parties

FROM: Richard H. Flournoy /s/ *Richard H. Flournoy*
Deputy Administrator

SUBJECT: Triticale Crop Provisions - 2018 and Succeeding Crop Years

BACKGROUND:

The Federal Crop Insurance Corporation Board of Directors approved the Triticale insurance program, a privately developed product that was submitted and approved under section 508(h) of the Federal Crop Insurance Act. Triticale insurance provides coverage for damage resulting from naturally occurring events. Beginning with the 2018 crop year, the Triticale insurance program will be available in select counties in California, Idaho, Kansas, Oklahoma, Oregon, Texas, and Washington. The Triticale insurance program is similar to other individual yield-based insurance programs and uses a producer's Actual Production History to establish the insurance guarantee.

Please refer to the Triticale Crop Provisions and Special Provisions for more information.

ACTION:

The Triticale Crop Provisions can be found on the RMA Web site at www.rma.usda.gov.

Interested producers should contact a crop insurance agent for further information. A list of agents can be found on the RMA Web site at www.rma.usda.gov/tools/agent.html.

DISPOSAL DATE:

December 31, 2017
