

## Crop Insurance Experience with Coverage Level (1989 Forward)

---

The crop insurance experience file contains “summary of business” type information and is available for commodity years from 1989 forward. The files are created in a delimited format using the | symbol as the delimiter (commas are frequently part of some of the fields) and can be easily used to create EXCEL spreadsheets. The format identified in the layout below uses a 9 to indicate a numeric value with the maximum characters or decimal layout (V) in the parenthesis following while an X will indicate an alpha-numeric value with the maximum characters following.
