A meeting of the Board of Directors (Board) of the Federal Crop Insurance Corporation (FCIC) was held on February 21, 2007, in Room 108-A of the Jamie L. Whitten Federal Office Building, Jefferson Drive, Washington, D.C. The public was invited to attend the open session portion of the meeting.

The meeting was called to order at 2:00 p.m. in open session.

The Board then immediately went into executive session to discuss confidential matters with Risk Management Agency (RMA) staff and submitters.

The open session of the Board reconvened at 4:20 p.m.

David Grahn read the recitation to all members of the Board to advise the Board of its responsibilities in representing the interests of the FCIC and USDA. No issues were identified that would require recusal of any members of the Board for this meeting.

The Chairman requested Board members to introduce themselves. The motion carried. (Exhibit No. 2883)
The Chair offered the following resolution, which was seconded, for adoption:

RESOLVED, that pursuant to the information contained in Docket No. CI-GRP-Oysters 07-01, Exhibit No. 2884, as well as other related materials that were presented to the Board for consideration and discussion on this matter, the Board hereby provides its notice of the intent to disapprove the GRP-Oysters plan of insurance on the basis that the Board has been unable to make a determination that: (1) The GRP-Oysters plan of insurance complies with all applicable provisions of the Federal Crop Insurance Act; (2) The interests of producers are adequately protected; (3) Premium rates are actuarially appropriate; and (4) That crop insurance program integrity will be protected, for the reasons stated in the Executive session, the expert reviews, and RMA staff review.

Prior to voting by the Board, the Chair expressed appreciation to the Louisiana and Mississippi oyster industries for the GRP Oyster submission and recognized the oyster industry’s need for an insurance product as well as their frustration in not having this product for the 2007 crop year. The Chair added that this is a product for which it appears that it can still be moved forward, in light of the willingness of the submitters to respond to the concerns raised by the expert reviewers and RMA.

Mr. Kelleher requested that should the resolution be passed, that the letter containing the reasons for the notice of intent to disapprove and the issues that need to be resolved be sent to the Board for review prior to being sent to the submitters. The Chair agreed to such action.

By roll call vote, the Board voted to approve the resolution: 5 yea, 0 nay, 1 absent (Mr. Jones was temporarily disconnected from the conference call). (Exhibit 2884)

Next the Board took up the matter of the 508(h) submission. Due to the confidentiality of business information, the Chair would not mention the names of the product or submitters.

WHEREAS, The Federal Crop Insurance Act (Act) requires the Board to enter into contracts with persons experienced as actuaries and in underwriting for reviews of any policy or plan of insurance, or any related material or modification of a policy or plan of insurance proposed to be offered under the Act,

NOW THEREFORE BE IT RESOLVED: That: 1) the Manager of the Federal Crop Insurance Corporation be authorized to take such action as necessary to enter into and execute contracts with the persons or entities on the attached list, or the alternates in case the
proposed persons are not available, to review the plan of insurance submitted under section 508(h) of the Federal Crop Insurance Act and described in Exhibit No. 2885 prior to Board action; and 2) the attached task order statement of work be used to execute the contracts.

By roll call vote, the Board voted to approve the resolution: 6 yea, 0 nay, 0 absent. (Exhibit 2885)

Chairman Collins then thanked the Board members and staff for their participation and efforts.

There being no further business to come before the Board the meeting adjourned to meet again March 14, 2007.
