Mr. Sindergard agreed to recuse himself during discussions of the Confidential Submissions 0002, 0003 and 0004.

Hearing no objection, Dr. Glauber agreed to dispense with a reading of the Manager’s Report. (Exhibit 2933)

He noted that in November of 2004 RMA contracted for an evaluation of the current California Avocado Revenue (CAR) pilot program. In July 2006, those findings were presented to the Board that resulted in a resolution to continue to operate the CAR pilot program until such time that an APH program could be developed and implemented. This current proposal is the result of an RMA awarded contract for the development of an APH plan of insurance program for avocados.

The Chairman then offered the following resolution, which was seconded for adoption:

the 2008 crop year. In June 2005, the Board resolved to continue Citrus Dollar Pilot Crop Insurance Programs Plans of Insurance through the 2008 crop year. The Strawberry Pilot operates in four states and the Citrus Dollar pilot operates in California.
