	Optional Unit	67	64	64	59	59	55	48	38

Price Elections

A price election is the price you are paid per pound if you have a loss. This is based on the percentage of established price you chose.

Prices for types with true revenue coverage -

Projected prices and harvest prices for black, dark red kidney, navy, pinto, and small red types will be determined as shown in Section 7(e) of the dry bean revenue endorsement. Contact your insurance agent for established prices for dry bean varieties.

Coverage Options

Yield Protection - Protects against a production loss.

Revenue Protection - Protects against loss of revenue due to a production loss, change in price, or a combination of both. Only offered for the following types: black beans, dark red kidney beans, navy beans, pinto beans, and small red beans.

Revenue Protection with Harvest Price

Exclusion - Protects against loss of revenue due to a production loss, price decline, or a combination of both. Only offered for the following types: black beans, dark red kidney beans, navy beans, pinto beans, and small red beans.

Catastrophic Risk Protection Coverage (CAT) -

Available only with yield protection. Pays 50 percent of your average yield and 55 percent of the projected price.

Replanting and Prevented Planting

Practical to Replant - Your company will determine if it is practical to replant. The processor must agree, in writing, that it will accept production from replanted acreage.

Replant Provisions

You may receive a replant payment if:

- It is practical to replant; and
- The appraisal does not exceed 90 percent of your production guarantee.

Replant payments are not available on CAT coverage.

Late Planting Period - If you choose to plant after the final planting date, the insurance guarantee is reduced by one percent for each day after the final planting date. After 25 days, the guarantee is 60 percent.

Prevented Planting - You may receive a prevented planting payment if you are unable to plant on or before the final planting date because of an insurable cause.
