INFORMATIONAL MEMORANDUM

TO: All Approved Insurance Providers Writing in the State of Kansas

FROM: Rebecca Davis */s/ Rebecca Davis*
Director, Topeka RO

SUBJECT: Actuarial Rates Resulting from Breached Levees in Wyandotte County,
Kansas

I. BACKGROUND

Due to the 2011 flood event, levees along the Missouri River and tributaries in Wyandotte County, Kansas were breached. The following is a 2012 crop year policy provision in the Special Provisions for spring crops in Wyandotte County:

“Land flooded due to a breach in a levee resulting from prior year(s) flooding is insurable. The applicable rate will be assigned based on conditions of the levee and soils on the latter of the sales closing date or earliest planting date. If, by that date, the levee has not been repaired to prior specifications, or if damaged soil (if any) has not been restored to at least the same crop yield potential as prior to the flood event, the land will be classified as high risk and will have the highest rate classification in the county. However, if the levee has been repaired to prior specifications and the soil has at least the same crop yield potential as before the flood, the land will be classified as shown on the current crop year Actuarial Map.”

II. STATUS OF BREACHED LEVEES AFFECTING WYANDOTTE COUNTY KANSAS AS OF MARCH 1, 2012

A. Repaired to Prior Specifications:

The following breached levee (s) have been repaired to prior specifications:

- *Wolcott Drainage District Section 2 (repaired as of February 23, 2012)*
- *Wolcott Drainage District Section 3 (repaired as of February 23, 2012)*

B. Not Repaired to Prior Specifications:

The following breached levee(s) have not been repaired to prior specifications:

- *None. All levees have been repaired to prior specifications.*

III. ACTION

For crop land affected by a breached levee, the Approved Insurance Provider (AIP) is responsible for ensuring the stipulations in the breached levee statement are followed accordingly.

For more information on the breached levee statement, including “prior specifications”, “damaged soil”, and requesting written agreements, please visit our Frequently Asked Questions document at http://www.rma.usda.gov/fields/ms_rso/2011/FAQbreachedlevee.pdf

Due to all reported levee breaches being repaired to prior specifications, the Wyandotte County high risk land maps posted to the RMA Actuarial Information Browser will be the applicable maps for the 2012 crop year.
