2010 COMMODITY INSURANCE FACT SHEET

Cigar Binder Tobacco

Wisconsin

Crop Insured

The crop insured will be all the cigar binder tobacco grown in the county on insurable acreage, for which premium rates are provided, in which you have a share, that is planted for harvest.

Counties Available

Tobacco is insurable in the Wisconsin counties of Columbia, Crawford, Dane, Dodge, Jefferson, La Crosse, Monroe, Richland, Rock, Trempealeau, and Vernon. In counties where premium rates are not published, cigar binder tobacco may be insurable by written agreement.

Causes of Loss

Adverse weather conditions¹
Failure of irrigation water supply²
Fire³
Insects⁴
Plant disease⁴
Wildlife

¹Including hail, frost, freeze, drought, and excess precipitation.

²If caused by an insured cause of loss.

³If due to natural causes.

⁴But not damage due to insufficient or improper application of pest or disease control measures.

Insurance Period

Insurance coverage begins on the later of the date we accept your application or the date when the tobacco is planted, and will end at the earliest of: (1) total destruction of the crop, (2) removal of the tobacco from the unit where grown except for curing, grading, and packing, (3) April 30, (4) abandonment of the crop, or (5) final adjustment of the loss on the unit.

Reporting Requirements

Acreage Report — You must give a report of all your tobacco acreage in the county by the acreage reporting date.

Production Report — You must provide a report of your previous year's tobacco acres and production to

your agent. This report is due by the Production Reporting Date (April 29, 2010).

Important Dates

Sales Closing/Cancellation Date March 15, 2010
Final Planting Date..... July 10, 2010
Acreage Reporting Date July 15, 2010
Premium Billing Date January 1, 2011
Production Reporting Date April 29, 2011

Definitions

APH Yield — Actual production history (APH) yield used to determine the production guarantee. The APH yield is based on up to 10 years of actual and/or assigned yields.

Unit — The insurable acreage used to determine the APH yield, the production guarantee, and any indemnity (loss payment).

Production Guarantee — Number of pounds guaranteed per unit. Multiply your APH yield per acre x the coverage level percentage you select x number of acres in the unit.

Coverage Levels and Premium Subsidies

Tobacco may be insured at the coverage levels shown in the table. Crop insurance premiums are subsidized as shown. For example if you select the 75-percent coverage level, your coverage will be 75 percent of your approved APH yield, the premium subsidy is 55 percent, and your premium share is 45 percent of the base premium. Catastrophic coverage (CAT) is available at 50 percent of your APH yield and 55 percent of the established price election. The total cost for CAT coverage will be an administrative fee of \$300 per crop per county, regardless of the acreage. Administrative fees, in addition to premium costs, for coverage levels above CAT are \$30 per crop per county.

Item	Percent					
Coverage Level	50	55	60	65	70	75
Premium Subsidy	67	64	64	59	59	55
Your Premium Share	33	36	36	41	41	45

Price Elections

Price of compensation per pound in case of loss:
 Established price: \$1.90 per pound

Insurance Units

Basic Unit: In lieu of the definition in the Basic Provisions, a basic unit is all insurable acreage of an insurable type of tobacco in the county in which you have a share on the date of planting for the crop year and that is identified by a single FSA farm serial number at the time insurance first attaches under these provisions for the crop year.

Plans of Insurance

APH is the only plan of insurance available for tobacco in Wisconsin. The production guarantee is based on your individual yield history.

Late Planting

This provision provides protection on acreage that is planted after the final planting date. Please consult a crop insurance agent for details.

Loss Example

A loss occurs when the pounds of tobacco produced for the unit fall below the production guarantee as a result of damage from a covered cause of loss. This example assumes a 2200 pounds per acre APH yield, 65-percent coverage level, 100 percent of the established price, and basic unit coverage.

2200	pounds per acre APH yield
x .65	coverage level
1430	lbs. guarantee*
- 400	lbs. per acre actually produced
1030	lbs. per acre loss
x \$1.90	price election
\$1957.00	gross indemnity*
- \$51.00	estimated premium per acre (varies)
\$1906.00	net indemnity*

* Figures shown on a per acre basis; guarantees and losses are paid on a unit basis. See policy provisions.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or a part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD).

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, SW, Washington, DC 20250-9410 or call (800) 795-3272 (voice) or (202) 720-6382 (TDD).
