Definitions

Cancellation date: The calendar date specified in the crop provisions on which coverage for the crop will automatically renew unless canceled in writing by either you or us or terminated in accordance with the policy terms.

Production Guarantee: Number of bushels guaranteed per acre, determined by multiplying your average yield per acre (based on your production records) times the coverage level percentage you elect.

Price Election: Price of compensation per bushel in case of loss.

Coverage Levels and Premium Subsidies

Catastrophic Coverage: 50 percent of your average yield and 55 percent of the established price.

Additional Coverage: 50, 55, 60, 65, 70, 75, 80, or 85 percent of your average yield and up to 100 percent of the price election.

Premium Subsidies: varies based on coverage level.

Replant Provisions

(Not available under catastrophic coverage)

A replanting payment is allowed if your rice crop is damaged by a covered cause of loss to the extent that the remaining stand will not produce at least 90 percent of your bushel guarantee and it is practical to replant. The maximum payment will be the lesser of

20% of the production guarantee or 400 pounds, multiplied by your price election, multiplied by your insured share.

Late and Prevented Planting

These provisions provide protection on acreage that is planted late or that cannot be planted by the final planting date or within the 25-day late planting period. Please consult a crop insurance agent for details..
