2010 COMMODITY INSURANCE FACT SHEET

Millet

North Dakota, South Dakota, Wyoming

Crop Insured

The insured crop is **only Proso millet** planted for harvest as grain to be used primarily as birdseed or livestock feed, grown on insurable acreage, and for which premium rates are provided by the actuarial documents. Any millet planted for hay is **not** insurable.

Counties Available

North Dakota—Dickey, Sargent

South Dakota—Beadle, Bennett, Corson, Day, Dewey, Faulk, Gregory, Haakon, Hand, Hughes, Hyde, Jackson, Jones, Lyman, Meade, Mellette, Pennington, Perkins, Potter, Shannon, Spink, Stanley, Sully, Todd, Tripp, Ziebach

Wyoming—Goshen, Laramie

Causes of Loss

Adverse weather conditions
Earthquake
Failure of irrigation water supply¹
Fire
Insects²
Plant disease²
Wildlife
Volcanic eruption

¹If caused by an insured cause of loss occurring during insurance period.

²But not due to insufficient or improper application of control measures.

Insurance Period

Coverage usually begins when the millet is planted and ends at the earlier of the following:

- (1) total destruction of the millet on the unit,
- (2) harvest of the unit,
- (3) final adjustment of a loss on the unit,
- (4) abandonment of the millet, or
- (5) October 10, 2009.

Note: Any acreage of millet damaged before the final planting date, to the extent that producers in the area would not normally further care for the crop, must be replanted to an appropriate type of millet unless the Insurance Provider agrees that replanting is not practical.

Reporting Requirements

Acreage Report—You must report all acreage of your millet, both insured and uninsured, to your agent by the acreage reporting date.

Important Dates

| | |
|----------------------------|----------|
| Sales Closing | March 15 |
| Production Reporting | April 29 |
| Acreage Reporting | June 30 |

Definitions

Production Guarantee — Number of **bushels** guaranteed per acre determined by multiplying your average yield per acre (based on your records) times the coverage level you elect.

Production Reporting Date —The date by which you must report your production for the previous crop year to your agent.

Price Election3.35

Duties in the Event of Damage or Loss

- (1) Protect the crop from further damage by providing sufficient care;
- (2) notify your agent within 72 hours of your initial discovery of damage (but not later than 15 days after the end of the insurance period); and
- (3) leave representative samples intact for each field of the damaged unit.

Coverage Levels and Premium Subsidies

Coverage levels range from 50 to 75 percent of your average yield. For example, an average yield of 40 bushels per acre would result in a guarantee of 30 bushels per acre at the 75-percent coverage level. Crop insurance premiums are subsidized as shown in the following table. For example, if you select the 75-percent coverage level, your premium share would be 45 percent of the base premium:

| Item | Percent | | | | | |
|--------------------|---------|----|----|----|----|----|
| Coverage Level | 50 | 55 | 60 | 65 | 70 | 75 |
| Premium Subsidy | 67 | 64 | 64 | 59 | 59 | 55 |
| Your Premium Share | 33 | 36 | 36 | 41 | 41 | 45 |

Catastrophic (CAT) coverage is fixed at 50 percent of your average yield and 55 percent of the price election. The cost for CAT coverage is an administrative fee of \$300, regardless of the acreage.

Insurance Units

Your insurable acreage will be grouped into one or more units in order to establish the approved yield, calculate a guarantee, and determine any indemnity.

Basic Unit: A basic unit includes all of your millet acreage in the county by share arrangement. Premiums are reduced by 10 percent for a basic unit.

Optional Units: If a basic unit consists of two or more sections or irrigated and non-irrigated acreage and certain record-keeping criteria are met, you may apply for optional units. The 10-percent discount will not apply.

Late Planting

The late planting period is the first through the twentieth day after the final planting date. The guarantee per acre will be reduced by 1 percent per day for the 1st through the 10th day, and 3 percent per day for the 11th through the 20th day.

Where to Purchase

All multi-peril crop insurance, including CAT coverage insurance policies, are available from private insurance agents. A list of crop insurance agents is available on the RMA Web site at: <http://www3.rma.usda.gov/tools/agents/>
