2013 COMMODITY INSURANCE FACT SHEET

Processing Sweet Corn Delaware

Crop Insured

Coverage is available for processing sweet corn grown under the requirements of a processor contract executed by the acreage reporting date and not excluded from the contract at any time during the year.

Note: Sweet corn interplanted with another crop or planted into an established grass or legume will not be insurable.

Counties Available

Processing sweet corn is insurable in Kent, New Castle, and Sussex Counties. Contact an agent for more details.

Causes of Loss

Adverse weather conditions¹
Failure of irrigation water supply²
Fire
Insects³
Plant disease³
Wildlife

¹Natural perils such as hail, freeze, frost, drought, wind, and excess precipitation.

²If caused by an insured peril during the insurance period.

³Except for insufficient or improper application of control measures.

Note: This policy does not cover any loss of production due to bypassed acreage because of the breakdown or non-operation of equipment or facilities, or your failure to follow the requirements contained in the processor contract.

Insurance Period

Coverage usually begins when the sweet corn is planted and ends the earliest of:

- 1) Destruction of the crop;
- 2) Abandonment of the crop;
- 3) Completion of harvest;
- 4) The date the sweet corn should have been harvested but was not harvested;
- 5) Final adjustment of a claim;
- 6) The date sufficient production is harvested that fulfills an amount stipulated by contract; or

- 7) September 20.

Reporting Requirements

An acreage report is a report of all insured acreage of processing sweet corn. A report and a copy of all your processor contracts must be submitted to your crop insurance agent on or before the appropriate acreage report due date (See Important Dates section below).

Important Dates

Sales Closing Date March 15, 2013
Acreage Reporting Date July 15, 2013

Duties in the Event of Damage or Loss

- 1) Protect the crop from further damage by providing sufficient care;
- 2) Notify your agent within 72 hours of your initial discovery of damage; and
- 3) Leave representative samples intact for each field of the damaged unit.

Definitions

Base Contract Price: The price stipulated in the processor contract for the grade factor or sieve size that is designated in the special provisions, if applicable, without regard to discounts or incentives that may apply.

Bypassed Acreage: Land on which production is ready for harvest but the processor elects not to accept such production so it is not harvested.

Good Farming Practices: The cultural practices generally in use in the county for the crop to make normal progress toward maturity and produce at least the yield used to determine the production guarantee and are those required by the sweet corn processor contract with processing company, and recognized by the Cooperative State Research, Education, and Extension Service

as compatible with agronomic and weather conditions in the county.

Production Guarantee: Number of tons guaranteed per acre determined by multiplying your average approved yield per acre (based on your records) by the coverage level percentage you select.

Coverage Levels and Premium Subsidies

Coverage levels range from 50 to 85 percent of your average yield and are subsidized as shown in the table below. For example, an average yield of 5 tons per acre results in a guarantee of 3 tons per acre at the 60 percent coverage level.

Item	Percent							
	50	55	60	65	70	75	80	85
Coverage Level	50	55	60	65	70	75	80	85
Premium Subsidy	67	64	64	59	59	55	48	38
Your Premium Share	33	36	36	41	41	45	52	62

Catastrophic Risk Protection (CAT) coverage is fixed at 50 percent of your average yield and 55 percent of the price election. The cost for CAT coverage is an administrative fee of \$300.

Price Election

Price used to calculate your premium and any indemnity.

State	Established Price	CAT Price
Delaware	\$119 per ton	\$65.45

Prevented Planting

This provision provides a coverage amount of 40 percent of your production guarantee for timely planted acreage. Certain restrictions and criteria will apply. Contact an agent for more details.

Late Planting

A late planting period is not applicable to processing sweet corn.

Loss Example

This example is based on an approved yield of 5 tons per acre, non-irrigated, 65 percent coverage level, and one basic unit.

5	Approved Yield per acre
x .65	Coverage level
3.3	Acre guarantee
- 1	Production-to-Count
2.3	Loss per acre
x \$119	Price election
\$274	Indemnity per acre
- \$3	Estimated Premium
\$271	Indemnity/Acre

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or a part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD).

To file a complaint of discrimination, complete, sign and mail a program discrimination complaint form, (available at any USDA office location or online at www.ascr.usda.gov), to: United States Department of Agriculture; Office of the Assistant Secretary for Civil Rights; 1400 Independence Ave., SW; Washington, DC 20250-9410. Or call toll free at (866) 632-9992 (voice) to obtain additional information, the appropriate office or to request documents. Individuals who are deaf, hard of hearing, or have speech disabilities may contact USDA through the Federal Relay service at (800) 877-8339 or (800) 845-6136.
