2013 COMMODITY INSURANCE FACT SHEET

Soybeans

DE, MD, NJ, NY, NC, PA, VT, VA, WV

Crop Insured

The crop insured will be all soybeans grown in the county on insurable acreage, for which premium rates are provided, in which you have a share, and is planted for harvest as grain that is a combine-type hybrid. Soybeans coverage is available for yield protection and revenue protection plans.

- 1) **Yield Protection Plan** provides protection against production losses.
- 2) **Revenue Protection Plan** provides protection against loss of revenue due to a production loss, price decline or increase, or a combination of both.
- 3) **Revenue Protection with Harvest Price Exclusion Plan** provides protection against loss. Revenue caused by price decrease, low yield or a combination of both based on the projected price only.

Note: Beginning in 2013, Trend-Adjusted APH Yield Option is available for soybeans. The Trend-Adjusted APH Yield Option adjusts yields in APH databases to reflect increases in yields through time in the county. Trend adjustments are made on each eligible yield within a qualifying APH database based on the county's historical yield trend that is provided in the county actuarial documents. The approved APH yield is calculated using trend-adjusted yields, and any other applicable yields, within the APH database. It may not be available for all practices, and the factor may vary by practice. This option is not available with CAT, Group Risk Protection, and Group Risk Income Protection insurance plans.

Other Plans of Insurance

Group Risk Plan (GRP): provides protection against widespread loss of production based on county average yields.

Group Risk Income Protection (GRIP): similar to GRP but factors in price to place the coverage. A projected price and harvest price is determined from the futures market.

GRP and GRIP: are area based coverage plans and do not provide protection for losses on an individual farm. Available only for selected counties in North Carolina.

Causes of Loss

Adverse weather conditions¹
 Failure of irrigation water supply²
 Fire
 Insects³
 Plant disease³
 Wildlife

¹Natural perils such as hail, freeze, frost, drought, wind, and excess precipitation.

²If caused by an insured peril during the insurance period.

³Except for insufficient or improper application of control measures.

Insurance Period

Insurance coverage begins on the later of the date we accept your application or the date when the crop is planted, and will end at the earliest of:

- 1) Total destruction of the crop;
- 2) Harvest of the unit;
- 3) Final adjustment of a loss;
- 4) Abandonment of the crop; or
- 5) December 10.

Reporting Requirements

You must file a report of planted acreage to your crop insurance agent by the acreage reporting date established for your county. Since acreage reporting dates vary by crop and county, consult your agent or for more information see: <http://www.rma.usda.gov/tools/>

Important Dates

Sales Closing Date - NC	February 28, 2013
Acreage Reporting Date - NC	July 15, 2013
Sales Closing Date - Other ¹	March 15, 2013
Acreage Reporting Date ¹	July 15, 2013

¹ DE, MD, NJ, NY, PA, VT, VA, WV.

Duties in the Event of Damage or Loss

- 1) Protect the crop from further damage by providing sufficient care;
- 2) Notify your agent within 72 hours of your initial discovery of damage (but not later than 15 days after the end of the insurance period); and

- 3) Leave representative samples intact for each field of the damaged unit.

Late and Prevented Planting

These provisions provide protection on eligible acreage that is planted late or that cannot be planted by the final planting date. Please consult your agent for further details.

Coverage Levels and Premium Subsidies

The premium subsidy percentages and available coverage levels are shown below. Your share of the premium will be 100 percent minus the subsidy amount.

Item	Percent							
	50	55	60	65	70	75	80	85
Coverage Level	50	55	60	65	70	75	80	85
Premium Subsidy	67	64	64	59	59	55	48	38
Your Premium Share	33	36	36	41	41	45	52	62

Catastrophic Risk Protection (CAT) coverage is fixed at 50 percent of your average yield and 55 percent of the price election. The cost for CAT coverage is an administrative fee of \$300.

Price Elections

Commodity Exchange Price Provisions (CEPP) contains information necessary to derive the projected price and the harvest price for the insured crop. The projected price is used to calculate the premium, re-plant payment and any prevented planting payment. The harvest price will be used to value production-to-count under the Revenue Protection Plan and the Revenue Protection with Harvest Price Exclusion plans. The CEPP includes the price discovery period, release dates, board of trade used, and additional pricing information. Talk to your agent, or for more information see: <http://www.rma.usda.gov/tools/pricediscovery.html>

Insurance Units

Basic Unit: A basic unit includes all of your insurable soybeans acreage in the county by crop by share arrangement. Premiums are reduced 10-percent for a basic unit.

Optional Unit: If a basic unit consists of two or more Farm Service Agency farm numbers and certain record keeping requirements are met, you may qualify for optional units. The 10-percent premium discount will not apply.

Enterprise Unit: Generally, all the insured acreage of the crop in a county. Premium discounts and additional subsidy apply.

Whole Farm Unit: Generally, all the insured crops in

the county that are covered by the insurance plan. Premium discounts and additional subsidy apply. Does not apply to Yield Protection Plan.

Loss Example

Assume soybeans with an approved yield of 30 bushels per acre, 70-percent coverage level, 100-percent share and a one-area basic unit. The projected price is \$13.52 and the harvest price is \$12.14. Due to an insurable cause of loss, the production-to-count is 10 bushels.

<u>Yield Protection</u>		<u>Revenue Protection</u>	
30	APH Yield per acre	30	
x .70	Coverage level	x .70	
21	Acre Guarantee	21	
<u>\$13.52</u>	Projected Price	<u>\$13.52</u>	
\$283.92	Insurance Guarantee	\$283.92	
10	Bushels Produced	10	
<u>\$13.52</u>	Harvest Price	<u>\$12.14</u>	
\$ 135.20	Production-to-Count Value	\$121.40	
\$283.92	Insurance Guarantee*	\$283.92	
<u>-\$135.20</u>	Production-to-Count Value	<u>-\$121.40</u>	
\$148.72	Indemnity/Acre	\$162.52	

*For Revenue Protection, the insurance guarantee is equal to the production guarantee multiplied by the greater of the projected price or the harvest price. In example, Revenue Protection harvest guarantee increased to \$283.92 (21 bushels per acre guarantee x \$13.52 projected price).

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or a part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD).

To file a complaint of discrimination, complete, sign and mail a program discrimination complaint form, (available at any USDA office location or online at www.ascr.usda.gov), to: United States Department of Agriculture; Office of the Assistant Secretary for Civil Rights; 1400 Independence Ave., SW; Washington, DC 20250-9410. Or call toll free at (866) 632-9992 (voice) to obtain additional information, the appropriate office or to request documents. Individuals who are deaf, hard of hearing, or have speech disabilities may contact USDA through the Federal Relay service at (800) 877-8339 or (800) 845-6136.
