

Raleigh Regional Office — Raleigh, NC

Revised November 2016

Grapes Pennsylvania

Crop Insured

Grape varieties grown for wine or juice are insurable if the vines have:

- Reached the fourth growing season after being set out for all native and hybrid varieties; and
- Produced an average of 2 tons per acre in at least 1 of the 3 most recent crop years.

Counties Available

Grapes are insurable in Erie and Lancaster counties. Grapes in other counties, including Vinifera grapes, may be insurable by written agreement if specific criteria are met. Contact a crop insurance agent for more details.

Causes of Loss

You are protected against the following:

- Adverse weather conditions, including hail, frost, freeze, wind, drought, and excess precipitation;
- Failure of irrigation water supply, if caused by an insured peril during the insurance period;
- Fire caused by an insured peril during the insurance period;
- Insect damage and plant disease, except for insufficient or improper application of control measures; or
- Wildlife.

Insurance Period

Coverage begins on November 21, 2016, and ends with the earliest occurrence of one of the following:

- Total destruction of the crop;
- Harvest of the crop;
- Final adjustment of a claim;
- Abandonment of the crop; or
- November 20, 2017.

Important Dates

Sales Closing Date November 20, 2016
 Acreage/Production Report Date ... January 15, 2017
 Premium Billing Date August 15, 2017

Duties in the Event of Damage or Loss

Notice of Loss - If a loss occurs notify your crop insurance agent:

- Within 72 hours of initial discovery of damage;
- If you previously gave notice of crop damage, you must also provide notice at least 15 days before the beginning of harvest to claim an indemnity; or
- At least 3 days before the date harvest should have started if the crop will not be harvested.

Coverage Levels and Premium Subsidies

Coverage levels range from 50 to 85 percent of your average yield (5-percent increments) and are subsidized as shown in the table below.

Item	Percent							
Coverage Level	50	55	60	65	70	75	80	85
Premium Subsidy	67	64	64	59	59	55	48	38
Your Premium Share	33	36	36	41	41	45	52	62

Catastrophic Risk Protection (CAT) coverage is fixed at 50 percent of your average yield and 55 percent of the price election. The cost for CAT coverage is an administrative fee of \$300.

Price Elections

Coverage levels and price election percentages vary by grape type. The price used to determine your indemnity on unharvested acreage is the price election minus the harvest cost (\$35/ton). For price elections see your state's actuarial documents at webapp.rma.usda.gov/apps/actuarialinformation/browser2017/crop_criteria.aspx.

Insurable Varieties

The native insurable varieties are Niagara, Concord, Catawba, Elvira, Dutchess, Isabella, Diamond, Delaware, Ives, Golden Muscat, Labrusca, and all other natives. The hybrid insurable varieties are Chambourcin, Traminette, Baco Noir, Geneva Red 7, Dechaunac, Rosette, Seyval Blanc, Vignoles, Aurore, Cayuga, White, Vidal Blanc, Vincent, Chardonel, Cascade, Leon Millot, Chancellor, Valvin Muscat, Castel, Colobel, Rougeon, Villard Blanc, Melody, Noiret, Chelois, St Vincent, Marechal Foch, Corot Noir, Landot Noir, and all other hybrids.

Additional Coverage Options

Supplemental Coverage Option (SCO)

SCO is available for grapes. If elected, SCO provides additional coverage for a portion of your underlying crop insurance policy deductible. A map of SCO availability can be accessed through the Map Viewer tool on the RMA website at prodwebnlb.rma.usda.gov/apps/MapView/index.html.

Yield Exclusion (YE)

Actual Production History YE is available for grapes in Erie County only. YE allows you to exclude yields in exceptionally bad years from your production history when calculating yields used to establish crop insurance coverage.

Loss Example

Assume Concord variety with an approved yield of 6 tons per acre, 65-percent coverage level, 100-percent share, and a one-acre basic unit.

6	Approved yield per acre
x 0.65	Coverage level
3.9	Acre guarantee
- 1.0	Production-to-count
2.9	Loss per acre
x \$265	Price election (Concords)
\$769	Indemnity/acre

Where to Buy Crop Insurance

All multi-peril crop insurance, including CAT policies, are available from private crop insurance agents. A list of crop insurance agents is available at all USDA service centers and on the RMA website at www.rma.usda.gov/tools/agent.html.
