

## Spokane Regional Office — Spokane, WA

Revised December 2017

# Flax

## Idaho

### Crop Insured

Flax planted for harvest as grain is insurable.

### Counties Available

**Idaho** – Idaho, Lewis, and Nez Perce counties.

Insurance may be offered by written agreement.

Contact a crop insurance agent for details.

### Causes of Loss

You are protected against the following:

- Adverse weather conditions;
- Earthquake;
- Failure of the irrigation water supply, if caused by an insured cause of loss that occurs during the insurance period;
- Fire;
- Insects, but not damage due to insufficient or improper application of pest control measures;
- Plant disease, but not damage due to insufficient or improper application of disease control measures;
- Volcanic eruption; or
- Wildlife.

### Insurance Period

Coverage begins on the later of the date of application or at the time of planting and ends with the earliest occurrence of one of the following:

- Total destruction of the insured crop;
- Harvest of the crop;
- Final adjustment of a loss on the unit;
- October 31 of the calendar year in which the crop is normally harvested in Idaho; or
- Abandonment of the crop.

### Important Dates

Sales Closing ..... March 15, 2018

Final Planting Date ..... See County Actuarial

Acreage Report Date ..... July 15, 2018

### Reporting Requirements

You must report to your insurance company all acreage of the insured crop in the county in which you have a share.

### Production Guarantees

Yields are based on actual production records reported to your crop insurance agent and/or company. There is also an optional adjustment of low yields in your actual production history. Contact your crop insurance agent for specific details.

### Guarantee Choices

Choice of 50 to 75 percent of your approved average yield, in 5-percent increments in all counties with a program.

### Price Elections

Price at which you are compensated per bushel in the event of a loss. Choices vary by level of guarantee. Contact your crop insurance agent for price election changes for the current crop year.

### Late and Prevented Planting

These provisions, under specific circumstances, provide protection on acreage that is planted late or that cannot be planted by the final planting date or within the 25-day late-planting period. Please consult your crop insurance agent to determine eligibility factors.

## Replanting Payments

A replanting payment is available. The insured crop must have been damaged by an insurable cause of loss so the remaining stand does not produce at least 90 percent of the production guarantee. Not applicable for catastrophic coverage policies.

## Catastrophic Coverage

Catastrophic coverage is available at the 50 percent coverage level and 55 percent of maximum price election.

## Administrative Fees

Catastrophic Risk Protection (CAT) coverage is \$300 per crop per county. Additional Coverage is \$30 per crop per county.

## Where to Buy Crop Insurance

All multi-peril crop insurance, including CAT policies, are available from private crop insurance agents. A list of crop insurance agents is available at any USDA Service Center or on the RMA website at [www.rma.usda.gov/tools/agent.html](http://www.rma.usda.gov/tools/agent.html).
