However, if a producer elects the Catastrophic Risk Protection (CAT) level of insurance for fresh apple acreage or processing apple acreage, the CAT level of coverage will be applicable to all insured apple acreage in the county. If you only have fresh apple acreage designated on the acreage report and processing apple acreage is added after the sales closing date, a coverage level equal to the coverage level selected for the fresh apple acreage will be assigned. If processing apple acreage is designated on the acreage report and fresh apple acreage is added after the sales closing date, a coverage level equal to the coverage level selected for the processing apple acreage will be assigned.
