- of the Company's official file folder, as applicable, to the loss adjuster or reviewer; provide the loss adjuster or reviewer with any information provided by the policyholder related to the loss; facilitate the loss adjuster's gathering of information directly from other parties; and assist the loss adjuster in locating the policyholder or vice versa.
- (ii) Loss adjusters and reviewers are directly responsible for the verification and validation of the information from the third party source of such information and nothing in the facilitation of such interactions or information gathering permits activities that may allow the agent to influence the loss adjustment process or the loss adjuster's or reviewer's independent determination of loss.
- (C) A loss adjustment determination or verification required to complete a claim or the determination or verification of a cause of loss.

with the Company (the agent shall not engage the loss adjuster directly on a claim dispute).;

- (D) Verification of yields for the purpose of validating insurance coverage or the guarantee. The agent must not be present during any inspections performed by the Company for the purposes of determining insurability of the crop or the amount of the crop to be insured.

    - (i) The agent is permitted to consult with the policyholder to explain crop insurance terms and conditions, insurance processes, and the implications of decisions or actions that may be taken by the policyholder under the policy. However, such consultation must not include opinions, influence, or coercion as to the facts of a claim on policies written by the agent or the determinations of the loss adjuster on a claim.
    - (ii) If the agent suspects that a claim has been adjusted improperly or contains factual errors, the agent may contact the Company's field supervisor or claims manager for review and assistance, but must not discuss the matter directly with the loss adjuster.
  - (F) Any other function reserved for loss adjusters in the procedures.
- (3) The Company and its service providers shall not permit any person involved in the loss adjustment determination or verification required to complete a claim, or the determination or verification of a cause of loss, to adjust a loss for:
- (A) A policyholder with whom they have a business, financial or legal relationship (Business, financial and legal interests include but are not limited to lending money, custom farming, leasing land or other property, selling other goods or services besides insurance, or activities of a similar nature. The sale and purchase of crop insurance does not constitute a business, financial or legal relationship with the policyholder that must be reported);

- (B) A policyholder, or a person with a substantial beneficial interest in the policyholder, whose eligible crop insurance contract was sold by a relative of the person; or
  - (C) A relative of the person.

  - (2) The Company and its affiliates shall not permit a relative of any person involved in the loss adjustment determination or verification required to complete a claim or the determination or verification of a cause of loss, to be involved with the sales, solicitation or brokering of an eligible crop insurance contract or with any other function reserved for the agent in the procedures approved by FCIC in a county or adjoining county where the claims supervisor, employee or contractor performs claims functions on behalf of the Company.
  - (3) Sales supervisors shall not be permitted to perform any sales or servicing in any county in which they supervise sales.

(c) Underwriting

The Company and its service providers shall not permit their sales agents, the owners or employees of their sales agencies, their sales supervisors, or any relative to be involved in the acceptance and verification of underwriting data relating to eligibility and coverage for an eligible crop insurance contract written by such person. This prohibition shall not apply to the routine transmission of information provided by applicants or policyholders that is necessary to issue eligible crop insurance contracts or coverage.

(d) Supervision

A person employed by the Company or its service provider for the general supervision of the sales and service of eligible crop insurance contracts, as identified by the Company in section IV. of Appendix II may supervise those

activities associated with the general administration of such contracts, which may include the management of servicing, underwriting, and loss adjusting. If two or more of these activities are being operated from a single office, then each activity must have a separate supervisor.

(e) Disclosure

- (1) The Company must notify all of its employees and affiliates, including agents, agencies, and loss adjusters, in writing of the rules regarding conflict of interest and the requirement to disclose to the Company and in turn FCIC any business, financial, or legal relationship with a policyholder, is a relative of the policyholder, or a person with a substantial beneficial interest in the policyholder, in accordance with Appendix IV and FCIC procedures.
- (2) In addition to any other sanctions in this Agreement, if the Company fails to follow the provisions of this section, Appendix IV, and FCIC procedures, eligible crop insurance contracts sold or serviced by the person who failed to disclose a business, financial, or legal relationship with a policyholder or is a relative of the policyholder may not, at FCIC's discretion, be reinsured or receive A&O subsidy, CAT LAE, or risk subsidies for the reinsurance year for which such disclosure was not provided.

(A) Disclosure and Notification Requirements

- (i) Applicable employees and affiliates will be required each year to submit a signed statement that verifies awareness of the conflict of interest rules and an agreement to abide by them.
- (ii) Applicable employees and affiliates must annually disclose the required information by the applicable acreage reporting date. Such disclosure must include the name of the policyholder or person with a substantial beneficial interest in the policyholder, and the type of relationship.
- (iii) If the applicable employee or affiliate enters into a business, financial, or legal -relationship or becomes a relative with the policyholder after the annual disclosure, the applicable employee or affiliate must disclose the information required in subparagraph (D) within 15 days of entering the relationship.
- (iv) The Company must evaluate the business, financial or legal relationship or the relationship with the relative to

determine whether the applicable employee or affiliate is in violation of subsection (a), (b), or (c) or whether a conflict of interest review is necessary to determine if such violation has occurred. At a minimum, such reviews will be necessary when:

- (I) The applicable employee or affiliate is in the immediate family of the policyholder or is a person with a substantial beneficial interest in the policyholder; or
- (II) The business, financial or legal relationship with the policyholder has the potential to produce an incentive to create or inflate a loss because the applicable employee or affiliate, or a relative of the employee or affiliate, is entitled to a portion of the proceeds of the crop or the crop insurance payment or would otherwise receive a benefit from the policyholder based on the existence of crop insurance and their relationship.

(f) Notification

The Company shall notify FCIC within 3 business days in writing when it discovers that a Company employee or affiliate of the Company has violated the requirements of this section.

## VII. CONTROLLED BUSINESS

- (a) No individual (including a subagent) may receive directly, or indirectly through a Company or its affiliates, any compensation (including any commission, profit sharing, bonus, or any other direct or indirect benefit) for the sale and service of an eligible crop insurance contract if:
  - (1) The individual has a substantial beneficial interest, or a member of the individual's immediate family has a substantial beneficial interest, in the eligible crop insurance contract; and
  - (2) The total compensation to be paid to the individual with respect to the sale or service of the eligible crop insurance contract that meets the condition described in paragraph 1 exceeds 30 percent, or the percentage specified in State law, whichever is less, of the total of all compensation received directly or indirectly by the individual for the reinsurance year.
- (b) Not later than 90 days after the annual settlement date following the end of the reinsurance year, any individual that received directly or indirectly any

compensation through a Company or its affiliates for the service or sale of any eligible crop insurance contract in the prior reinsurance year shall certify to the applicable Company, in format approved by FCIC, that the compensation that the individual received was in compliance with this paragraph.

- (c) Not later than 120 days after the annual settlement date following the end of the reinsurance year, the Company shall provide FCIC a list of individuals who either failed to timely provide the required certification or whose certification demonstrated non-compliance with the requirements of this paragraph. If the Company fails to comply with this provision, FCIC may deny all or a portion of A&O subsidy or CAT LAE.
- (d) Non-compliance
  - (1) The following individuals are subject to disqualification and civil fines under the procedures implementing section 515(h) of the Act (7 U.S.C. § 1508(h)) and any other procedures approved by FCIC implementing section 515(h):
    - (A) Individuals who failed to timely provide the required certification;
    - (B) Individuals who certified non-compliance with the requirements of this paragraph, except where non-compliance results from circumstances beyond the control of the individual; or
    - (C) Individuals who certified compliance but who have been determined to not be in compliance.
  - (2) Reinsurance will not be denied for the eligible crop insurance contracts associated with any violation with respect to paragraph (1).
- (e) The only way to avoid violation of this provision is to not write immediate family policies if writing such policies would cause the individual to exceed the 30 percent threshold. If the amount of compensation to which the individual is entitled under its contract with the Company or affiliate would result in the agent receiving more than 30 percent from immediate family policies, the individual is in violation. An individual cannot (1) pay back an amount necessary to be compliant; (2) defer payments to determine whether they will violate the provision; or (3) take any other action to adjust the individuals compensation owed under the contract with the Company or affiliate.

## **VIII. TRAINING REQUIREMENTS**

The Company shall ensure that all of its employees, agents, agency employees, loss adjusters, and contractors that act on behalf of the Company with respect to the selling, servicing, and adjusting of eligible crop insurance contracts meet all the requirements contained in the Appendices and procedures issued by FCIC.

- 
- (a) All applicable employees, agents, agency employees, loss adjusters, and contractors must be trained in accordance with Appendix IV.
  - (b) All employees, agents, and agency employees, who are involved in the selling and servicing (except loss adjustment) of eligible crop insurance contracts, must be licensed in the State in which they are doing business if required by the State; and
  - (c) All loss adjusters adjusting eligible crop insurance contracts must be certified by FCIC before they can conduct any loss adjustment. Certification of loss adjusters may be obtained by completing the training requirements in subsection (a) and:
    - (1) If any State in which the loss adjuster performs loss adjustment activities requires the loss adjuster to take a test which is directly related to crop insurance to obtain a license to adjust an eligible crop insurance contract, taking and passing the State test and obtaining the license required by the State;
    - (2) If any State in which the loss adjuster performs loss adjustment activities does not require the loss adjuster to obtain a license to adjust an eligible crop insurance contract (including those cases where the loss adjuster is a company employee and the State excludes company employees from licensing requirements), taking and completing with a passing grade a proficiency testing program developed, approved, and implemented under procedures issued by FCIC or, if such FCIC-approved proficiency testing program is not available in the State, completing the training required by the Company under Appendix IV; or
    - (3) If any State in which the loss adjuster performs loss adjustment activities requires a test which is not crop insurance-specific (as determined by FCIC) to obtain a license to adjust an eligible crop insurance contract, taking and passing the State test and obtaining the license required by the State. [Beginning with the 2012 reinsurance year the provision will read: "...taking and completing with a passing grade a proficiency testing program developed, approved, and implemented under procedures issued by FCIC in lieu of obtaining a license in such State, or, if such FCIC-approved proficiency testing program is not available in the State, taking and passing the State test and obtaining the license required by the State."]
  - (d) The Company shall not permit a loss adjuster to conduct any loss adjustment activity for the reinsurance year until he or she has been certified. FCIC will consider the loss adjuster to be certified after:
    - (1) The loss adjuster provides to the Company verifiable documentation showing that he or she has completed the required training, obtained the proper license or has taken and completed with a passing grade the applicable test or testing program specified in subsection (c); and
-

- (2) The Company submits proper written or electronic verification to FCIC, as directed by FCIC.
- (e) Loss adjusters shall be required to retake the required FCIC-approved proficiency testing program referenced in subsections (c)(2) and (3) every three years, unless waived by FCIC.
- (f) Any person who has been found in material noncompliance with any loss adjustment policy, procedure, or training requirement approved by FCIC shall be de-certified by FCIC. In such case, FCIC will provide written notification to the Company, and the Company shall not permit that person to perform loss adjustment activities until he or she has received the training specified by FCIC, has retaken and completed with a passing grade the required proficiency testing program, and has been certified by FCIC. A listing of persons decertified will be available to the Company.
- (g) Allowing a loss adjuster to conduct any loss adjustment activity on a policy before he or she is properly certified or after he or she has been de-certified shall result in the denial of reinsurance, A&O subsidy, CAT LAE, or risk subsidy for all policies upon which such activity occurred.

## **IX. OVERSIGHT AND CUT-THROUGH**

- (a) Whenever FCIC determines that the Company is unable to substantially fulfill an obligation that materially affects its performance under this Agreement with respect to some or all of the eligible crop insurance contracts it has in its book of business, FCIC may impose one or more of the following on the Company:
  - (1) Require additional reporting to FCIC of financial or operational information related to business conducted under the Agreement.
  - (2) Allow the placement of representatives of FCIC at any location of the Company and its service providers to monitor activities that directly or indirectly affect the performance of the Company's obligations under this Agreement.
  - (3) Require the Company to obtain approval from FCIC of some or all decisions or actions (including but not limited to any transaction, payment, agreement, and servicing of eligible crop insurance contracts) taken or contemplated by the Company or its service providers that could directly or indirectly affect the performance of the Company's obligations under this Agreement.
  - (4) Take all reasonable steps to preserve the assets and financial and operating capabilities of the Company to perform its obligations under this Agreement.

- 
- (5) Transfer to FCIC, or its designee, without further action of the Company, any or all eligible crop insurance contracts. With respect to any eligible crop insurance contract transferred to FCIC:

  - (B) FCIC, or its designee, will have the right to conduct all activities related to the sale and service of eligible crop insurance contracts.
  - (C) FCIC has the right to all uncollected premiums on all eligible crop insurance contracts.
  - (D) Any uncollected debts owed to the Company under an eligible crop insurance contract will become a debt owed to FCIC.
  - (E) To the extent that FCIC contracts for an AIP or other entity to service the transferred eligible crop insurance contracts, the AIP or other entity will receive A&O subsidy for service the AIP or other entity must perform for such eligible crop insurance contracts in proportion to the amount of service required for the remainder of the crop year.
- (6) With respect to eligible crop insurance contracts that are transferred to FCIC and when another AIP agrees to assume the eligible crop insurance contracts:
- (A) The AIP will assume the obligations for unpaid losses whether occurring before or after the date of transfer regarding such eligible crop insurance contracts, unless otherwise determined by FCIC;
  - (B) FCIC will remit to the AIP any premium or any applicable payments from commercial reinsurers collected from the Company; and
  - (C) The AIP will receive A&O subsidy for services the AIP must perform for such eligible crop insurance contracts in proportion to the amount of service required for the remainder of the crop year.
- (b) A Company in supervision, rehabilitation, liquidation, or any equivalent action by a State is presumed to be unable to substantially fulfill obligations that materially

affect its performance under this Agreement with respect to some or all of the eligible crop insurance contracts it has in its book of business for the purposes of subsection (a).

- (c) If either subsection (a)(4) or (5) is implemented with respect to another AIP, the Company, within the limits of its financial and operational resources, agrees to cooperate with FCIC in the transferring and servicing of such eligible crop insurance contracts.

## **X. SUPERVISION, REHABILITATION, AND LIQUIDATION**

If the Company is placed in supervision, rehabilitation, liquidation, or any equivalent action by a State Insurance Department:

- (a) The Company shall take all reasonable steps to facilitate a working relationship between FCIC and the State Insurance Department during the period the Company is in supervision, rehabilitation, liquidation, or any equivalent action.
- (b) The Company shall take all reasonable steps to ensure that FCIC has access to information and use of the operating systems, records, equipment, or other property used in the administration of the Company's book of business for as long as necessary to service the book of business.
- (c) In liquidation (or equivalent situation):
  - (1) If FCIC has expended funds to keep the Company operational, including the payment of expenses already included in the A&O subsidy, or to pay other expenses not included in the A&O subsidy, when the Company was in supervision, rehabilitation liquidation, or any equivalent situation, with respect to the repayment of such funds, FCIC shall have priority over all other creditors except for expenses of the state supervisor, rehabilitator, liquidator, or equivalent person; and
  - (2) If the Company owes any other funds to FCIC not included in paragraph (1) with respect to the repayment of such funds, FCIC shall have priority over all other non-federal creditors.
- (d) FCIC will have the right to conduct all activities related to the sale and service of eligible crop insurance contracts.
- (e) The Company and its affiliates must pay to FCIC all funds in their possession with respect to all eligible crop insurance contracts including, but not limited to, premiums collected or any applicable payments from commercial reinsurers.
- (f) Any uncollected debts or premiums owed to the Company under an eligible crop insurance contract will become a debt owed to FCIC.

- (g) The Company and its affiliates shall:
  - (1) Properly and fully service all eligible crop insurance contracts until transferred or the applicable cancellation date, whichever is the later;
  - (2) Take all reasonable efforts to ensure that the Company's commercial reinsurance applicable to its book of business remains in effect; and
  - (3) Not delay any payment to FCIC or the policyholder related to an eligible crop insurance contract.
  - (4) Those persons found not in compliance with subsection (g)(3) shall be subject to debarment from participating in the programs of FCIC and USDA.

## **XI. MEDIATION, ARBITRATION, LITIGATION AND ASSISTANCE**

- (a) The Company's expenses incurred as a result of litigation are covered by the A&O subsidy. FCIC has no obligation to provide other funds to reimburse the Company for litigation costs.
- (b) In accordance with procedures established by FCIC, the Company may request FCIC to provide non-monetary assistance, including witnesses, documents, and direction or such other assistance for mediation, arbitration or litigation. FCIC will only consider the Company's request for assistance if the Company:
  - (1) Reports the matter in accordance with subsection (c);
  - (2) Immediately notifies FCIC in writing of the requested action setting forth the reasons such action would be in the best interests of FCIC;
  - (3) Presents all legal arguments favorable to its defense which it has good faith basis to assert, including those suggested by FCIC; and
  - (4) Does not join FCIC as a party to the action unless FCIC agrees in writing to be joined as a party, or unless otherwise required by law.
- (c) The Company shall report to FCIC in accordance with established procedures, disputes with policyholders in mediation, arbitration, litigation or legal action, within 30 days after the Company has been notified of such dispute.
- (d) FCIC will, at its sole discretion, determine if the requested action under this section will be granted. The criteria to determine such action will be whether such action is in the best interest of FCIC and the Federal crop insurance program.

- 
- (e) Unless otherwise provided in this Agreement, FCIC will pay ultimate net losses for eligible crop insurance contracts of the Company in accordance with the provisions of section II.(b) of the Agreement:
- (1) In addition to the amount of the claim, ultimate net loss may include interest owed to policyholders related to the eligible crop insurance contract that is included:
- (A) In a final judgment against the Company by an arbitrator or a court of competent jurisdiction if FCIC determines that:
- (i) Such interest resulted from the Company's substantial compliance with all applicable procedures in the selling and servicing of the eligible crop insurance contract; and
- (ii) The award of such interest did not involve negligence or culpability on the part of the Company or its affiliates; and
- (B) In the settlement of any claim if FCIC, in addition to the determinations included above, determines that the settlement should be approved.
- (2) In all arbitration and mediation cases or any other case that has been settled by the Company and policyholder:
- (A) The Company must provide to FCIC all written statements from the arbitrator describing the issues in dispute, the factual findings, the determinations and the amount and basis for any award;
- (B) The Company must provide to FCIC all settlement agreements that contain at a minimum, a statement of the issues in dispute and the amount of the settlement;
- (C) The Company must provide to FCIC all written opinions of the court, all pleadings filed in the case, and other documentation requested by FCIC; and
- (D) Failure of the Company to provide the required information in this subparagraph for an eligible crop insurance contract will result in denial of reinsurance for such contract.
- (f) Under no circumstance are any punitive or consequential damages, attorney fees or any other costs, including court costs, included in the calculation of ultimate net loss.

- (g) For the purposes of this subsection only, the term “settlement” means the compromise or resolution of a dispute under an eligible crop insurance contract between the Company and a policyholder.

## **XII. SANCTIONED PERSONS**

The Company and its affiliates shall not use any person who has been debarred or suspended, or voluntarily excluded under 2 CFR part 417 or any successor regulation by FCIC or any other U.S. Government Agency or disqualified by FCIC under section 515(h) (7 U.S.C. § 1515(h)), as applicable, in any manner which involves performance under this Agreement.
