SUMMARY OF CHANGES FOR THE
CATASTROPHIC RISK PROTECTION ENDORSEMENT
(17-CAT)
(Released June 2016)

The following is a brief description of the changes to the Catastrophic Risk Protection (CAT) Endorsement that are effective for the 2017 and succeeding crop years for all crops with a contract change date on or after June 30, 2016, and for the 2018 and succeeding crop years for all crops with a contract change date prior to June 30, 2016.

- Removed reference to “paragraph” throughout and replaced with the applicable section reference.
- Section 6(f)(2)(i) - Revised reference of beginning farming and rancher to reference producers who begin farming for the first time after June 1.
If a conflict exists among the policy, the order of priority is: (1) This Endorsement; (2) Special Provisions; (3) actuarial documents; (4) the Commodity Exchange Price Provisions, if applicable; and (5) any of the policies specified in section 2, with (1) controlling (2), etc.

Terms and Conditions

1. Definitions
   Insurance provider - A private insurance company that has been approved by FCIC to provide insurance coverage to producers participating in programs authorized by the Federal Crop Insurance Act.
   Zero acreage report - An acreage report filed by you that certifies you do not have a share in the crop for that crop year.

2. Eligibility, Life of Policy, Cancellation, and Termination
   (a) You must have one of the following policies in force to elect this Endorsement:
      (1) The Common Crop Insurance Policy Basic Provisions (7 CFR 457.8) and applicable Crop Provisions (catastrophic risk protection coverage is not available under individual revenue plans of insurance such as Revenue Protection and Revenue Protection with Harvest Price Exclusion);
      (2) The Area Risk Protection Insurance Basic Provisions (7 CFR 407.9) and applicable Crop Provisions (catastrophic risk protection coverage is not available under area revenue plans of insurance such as Area Revenue Protection or Area Revenue Protection with the Harvest Price Exclusion); or
      (3) Other crop policies only if catastrophic risk protection coverage is provided in the applicable crop policy.
   (b) You must have made application for catastrophic risk protection on or before the sales closing date for the crop in the county.
   (c) You must be a “person” as defined in the crop policy to be eligible for catastrophic risk protection coverage.

3. Unit Division
   (a) This section is not applicable if you are insured under the Area Risk Protection Insurance Basic Provisions (7 CFR 407.9) and applicable Crop Provisions.
   (b) This section is in lieu of the unit provisions specified in the applicable crop policy. For catastrophic risk protection coverage, a unit will be all insurable acreage of the insured crop in the county on the date coverage begins for the crop year:
      (1) In which you have one hundred percent (100%) crop share; or
      (2) Which is owned by one person and operated by another person on a share basis.
      (Example: If, in addition to the land you own, you rent land from five landlords, three on a crop share basis and two on a cash basis, you would be entitled to four units; one for each crop share lease and one that combines the two cash leases and the land you own.)
   (c) Further division of the units described in section 3(b) is not allowed under this Endorsement.

4. Insurance Guarantees, Coverage Levels, and Prices for Determining Indemnities
   (a) Unless otherwise specified in the Special Provisions, catastrophic risk protection coverage will offer protection equal to:
      (1) Fifty percent (50%) of your approved yield indemnified at fifty-five percent (55%) of the price election or projected price, as applicable, if you are insured under the Common Crop Insurance Policy Basic Provisions (7 CFR 457.8) and applicable Crop Provisions;
      (2) Sixty-five percent (65%) of the expected county yield indemnified at forty-five percent (45%) of the maximum protection per acre if you are insured under the Area Risk Protection Insurance Basic Provisions (7 CFR 407.9) and applicable Crop Provisions; or
      (3) A comparable coverage as established by FCIC for other crop policies only if catastrophic risk protection coverage is provided in the applicable crop policy.
   (b) If the crop policy denominates coverage in dollars per acre or other measure, or any other alternative method of coverage, such coverage will be converted to the amount of coverage that would be payable at fifty percent (50%) of your approved yield indemnified at fifty-five percent (55%) of the price election.
   (c) You may elect catastrophic coverage for any crop insured or reinsured by FCIC on either an individual yield and loss basis or an area yield and loss basis, if both options are offered as set out in the Special Provisions.

5. Report of Acreage
   (a) The report of crop acreage that you file in accordance with the crop policy must be signed on or before the acreage reporting date. For catastrophic risk protection, unless the other person with an insurable interest in the crop objects in writing prior to the acreage reporting date and provides a signed acreage report on their own behalf, the operator may sign the acreage report for all other persons with an insurable interest in the crop without a power of attorney. All persons with an insurable interest in the crop, and for whom the operator purports to sign and represent, are bound by the information contained in that acreage report.
6. Annual Premium and Administrative Fees

(a) Except as provided in sections 6(f) and (h) and notwithstanding any provision contained in any other policy document, you will not be responsible to pay a premium, nor will the policy be terminated because the premium has not been paid. FCIC will pay a premium subsidy equal to the premium established for the coverage provided under this endorsement.

(b) In return for catastrophic risk protection coverage, you must pay an administrative fee and premium as specified in section 6(f) to us within 30 days after you have been billed, unless otherwise authorized in the Federal Crop Insurance Act (You will be billed by the date stated in the actuarial documents);

1. The administrative fee owed is $300 for each crop in the county unless otherwise specified in the Special Provisions.

2. Payment of an administrative fee will not be required if you file a bona fide zero acreage report on or before the acreage reporting date for the crop (if you falsely file a zero acreage report you may be subject to criminal and administrative sanctions).

(c) The administrative fee provisions of section 6(b) do not apply if you are a “beginning farmer or rancher” or a “limited resource farmer” as defined in the applicable crop policy. The administrative fee will be waived if you request it and you meet the requirements contained in the annual premium provisions of the applicable crop policy.

(d) When a crop policy has provisions to allow you the option to separately insure individual crop types or varieties, you must pay a separate administrative fee in accordance with section 6(b) for each type or variety you elect to separately insure.

(e) If the administrative fee and premium as specified in section 6(f) is not paid when due, you, and all persons with an insurable interest in the crop under the same contract, may be ineligible for certain other USDA program benefits.

(f) Effective for any policies with a sales closing date on or after July 1, 2015, you will be responsible for payment of the premium established for the coverage provided under this endorsement:

1. USDA determines you have committed a violation of the highly erodible land conservanation or wetland conservation provisions of 7 CFR part 12 as amended by the Agricultural Act of 2014; or

2. You have not filed form AD-1026 or successor form with FSA by June 1 prior to the sales closing date to be properly identified as in compliance with the conservation provisions specified in section 6(f)(1) (For example, to be eligible for a premium subsidy for a crop with a sales closing date of March 15, 2016, you must have filed your form AD-1026 by June 1, 2015).

(i) Notwithstanding section 6(f)(2), if you demonstrate you began farming for the first time after June 1 but prior to the beginning of the reinsurance year (July 1), you may be eligible for premium subsidy the subsequent reinsurance year without form AD-1026 on file with FSA. For example, if you demonstrate you started farming for the first time on June 15, 2015, you may be eligible for premium subsidy for the 2016 reinsurance year without form AD-1026 on file with FSA.

(ii) To be eligible for premium subsidy paid on your behalf by FCIC, it is your responsibility to assure you meet all the requirements for:

(A) Compliance with the conservation provisions specified in section 6(f)(1); and

(B) Filing form AD-1026, or successor form, to be properly identified as in compliance with the conservation provisions specified in section 6(f)(1).

(g) If the Act expressly authorizes an option or endorsement to be available in addition to the coverage available under this Endorsement (for example, the Supplemental Coverage Option) or any other additional coverage offered under the Federal Crop Insurance Act (for example, the Stacked Income Protection Plan), you will owe a separate annual premium and administrative fee for such option or endorsement if the option or endorsement has been made available in the actuarial documents and you elect to purchase such coverage.

(h) Failure to pay the premium specified in section 6(f) will result in the termination of the policy and all other policies in accordance with the termination provisions specified in the applicable Basic Provisions.
7. **Insured Crop**
   The crop insured is specified in the applicable crop policy; however, for policies other than those insured under the Area Risk Protection Insurance Basic Provisions, notwithstanding any other policy provision requiring the same insurance coverage on all insurable acreage of the crop in the county, if you purchase additional coverage for a crop, you may separately insure acreage designated as “high-risk” land by FCIC under catastrophic risk protection coverage, provided that you execute a High-Risk Land Exclusion Option and obtain a catastrophic risk protection coverage policy with the same insurance provider on or before the applicable sales closing date. You will be required to pay a separate administrative fee for both the additional coverage policy and the catastrophic coverage policy.

8. **Replanting Payment**
   Notwithstanding any provision contained in any other crop insurance document, no replant payment will be paid whether or not replanting of the crop is required under the policy.

9. **Claim for Indemnity**
   If two or more insured crop types, varieties, or classes are insured within the same unit, and multiple price elections, projected prices, or amounts of insurance are applicable, the dollar amount of insurance and the dollar amount of production to be counted will be determined separately for each type, variety, class, etc., that have separate price elections, projected prices, or amounts of insurance and then totaled to determine the total liability or dollar amount of production to be counted for the unit.

10. **Concealment or Fraud**
    Notwithstanding any provision contained in any other crop insurance document, your CAT policy may be voided by us on all crops without waiving any of our rights, including the right to collect any amounts due:
    (a) If at any time you conceal or misrepresent any material fact or commit fraud relating to this or any other contract issued under the authority of the Federal Crop Insurance Act with any insurance provider; and
    (b) The voidance will be effective for the crop year during which any such act or omission occurred.

11. **Exclusion of Coverage**
    (a) Options or endorsements that extend the coverage available under any crop policy offered by FCIC will not be available under this endorsement, except for the Supplemental Coverage Option and any other option or endorsement or other additional coverage expressly authorized in the Federal Crop Insurance Act and allowed in the actuarial documents (for example, the Stacked Income Protection Plan). Written agreements are not available for any crop insured under this endorsement.
    (b) Notwithstanding any provision contained in any other crop policy, hail and fire coverage and high-risk land may not be excluded under catastrophic risk protection.
