 - (2) Notwithstanding paragraph (3), applications for eligible crop insurance contracts that are rejected by the UCM, as applicable, will not be eligible for reinsurance, A&O subsidy, CAT LAE, or risk subsidy.
 - (3) Except as specified below, the Company shall offer and market all plans of insurance for all crops in any State where actuarial documents are available in which it writes an eligible crop insurance contract and shall accept and approve applications from all eligible producers. The Company may not cancel an eligible crop insurance contract held by a policyholder so long as the policyholder remains an eligible producer and the Company continues to write eligible crop insurance contracts within the State, except as authorized by FCIC. The Company is not required to offer such plans of insurance as may be approved by FCIC under the authority of section 508(h) of the Act. (7 U.S.C. § 1508(h)). However, if the Company chooses to offer any such plan, it shall offer the plan in all approved states in which it writes an eligible crop insurance contract where such plan is made available and it shall comply with all provisions of this paragraph as to such plan.
 - (4) In exchange for premiums ceded by the Company to FCIC under this Agreement, FCIC will provide reinsurance to the Company with respect to such contracts in accordance with the provisions of this Agreement.
 - (5) A Company and its affiliates are prohibited from providing a rebate except as authorized in section 508(a)(9)(B) of the Act (7 U.S.C. § 1508(a)(9)(B)).
 - (6) A violation of paragraph (5) will result in the denial of reinsurance, A&O subsidy, CAT LAE, and risk subsidy, for all eligible crop insurance contracts for which such violation occurred, and may subject the person who committed or authorized the violation to administrative sanctions, including, but not limited to, disqualification under the Act or applicable regulations.
 - (7) Only the amount of net book premium authorized by FCIC in the approved Plan of Operations, including any amendments under Appendix II, shall be reinsured and subsidized under this Agreement.

 - (III) FCIC will not approve a request to amend the Plan of Operations if such amendment would materially

increase the risk of loss to FCIC unless FCIC, at its sole discretion, determines that the amendment arises from an action of FCIC or the U.S. Department of Agriculture that substantially increases the risk of underwriting loss on eligible crop insurance contracts written by the Company.

- (IV) Changes to eligible crop insurance contracts made in accordance with the terms of such contract are not a basis for an amendment to the Plan of Operations.
- (D) If at any time during the reinsurance year FCIC cannot determine that the Company is in compliance with the requirements of this paragraph or FCIC learns that the Company may be in substantial risk for failure to comply with the requirements of this paragraph, the Company shall take corrective actions acceptable to FCIC in accordance with section IV(h)(4), or be subject to the remedies provided for in this Agreement.
- (9) The Company shall demonstrate a satisfactory performance record to obtain an Agreement and continue to hold an Agreement for the reinsurance year. The following will be reviewed to determine whether there is a satisfactory performance record:

 - (D) Whether FCIC or a State has identified any material deficiencies that may raise questions or concerns regarding the Company's ability to meet the requirements of this Agreement.
- (10) If the Company previously has not been an AIP, the Company and its service providers shall demonstrate to the satisfaction of FCIC that it can achieve and maintain a satisfactory performance record consistent with paragraph (9).
 - (11) Failure to meet the conditions stated in paragraphs (8), (9), or (10), may subject the Company to appropriate remedies in this Agreement, including, but not limited to, denial of an Agreement, suspension of the Agreement or a reduction in the net book premium the Company is authorized to write.
 - (12) Unless otherwise specifically approved by FCIC in advance in writing, the Company may only delegate its authority or control over the designation of eligible crop insurance contracts to reinsurance funds to its managing general agent and the Company shall include the delegation in its Plan of Operation.
 - (13) Failure of the Company to comply with the provisions of this Agreement, including, but not limited to, timely submission of data and reports, does not excuse or delay the Company's requirement to pay any amount due to FCIC by the dates specified herein.
 - (14) Neither the Company nor its affiliates shall assess service fees or additional charges on eligible crop insurance contracts reinsured and subsidized under this Agreement except as authorized by the Act or approved by FCIC in writing.

 - (C) Unless otherwise specified in the Agreement, in the event the percentage of net book premium for eligible crop insurance contracts in the Assigned Risk Fund exceeds 75 percent of the aggregate net book premium for any State, the amount of premiums and associated liabilities in the Assigned Risk Fund will be reduced pro-rata to 75 percent and the excess will be assigned by FCIC to the Commercial Fund for that State.

- (4) Commercial Fund Retention
- (A) The Company shall retain at least a 35 percent interest in premium and associated ultimate net losses in the Commercial Fund in each State. The remainder shall be ceded to FCIC.

SECTION III. SUBSIDIES, EXPENSES, FEES, AND PAYMENTS

- (a) Subsidies and Expenses
 - (1) Risk subsidy shall be determined in accordance with the Act and will be provided on behalf of policyholders to the Company on the monthly settlement report specified in paragraph (2)(B) below.

-
- (A) Notwithstanding the provisions of this section, under no circumstances will A&O subsidy or CAT LAE be paid in excess of the amounts authorized by the Act.
- (B) A&O subsidy and CAT LAE will be paid to the Company after the Company submits, and FCIC accepts, acreage reports, or other similar reports (e.g., preliminary tonnage report for eligible raisin crop insurance contracts, or inventory value reports for nursery and clam crop insurance contracts, annual farm report for eligible AGR crop insurance contracts). The initial payment to the Company of A&O subsidy and CAT LAE will be based on information reported on the September monthly settlement report following the end of the reinsurance year, and will be adjusted monthly thereafter.
- (C) For any eligible crop insurance contract for CAT coverage, A&O subsidy will be 0.0 percent of net book premium; for CAT LAE, 6.0 percent of the net book premium.
- (D) For eligible crop insurance contracts with additional coverage that provide coverage under an area-based, or similar plan of insurance, the A&O subsidy will be:

 - (ii) For all other eligible crop insurance contracts, 21.9 percent of the net book premium.
- (F) Subject to the limitations provided in subparagraphs (G) and (H) and excluding eligible crop insurance contracts subject to

 - (ii) For all other eligible crop insurance contracts, 21.9 percent of the net book premium.
- (G) Notwithstanding the provisions contained in subparagraph (F):
- (i) If the sum of the A&O subsidies for all AIPs for all eligible crop insurance contracts subject to subparagraph (F) for the reinsurance year exceeds the product of the following:
 - (I) Total liability;
 - (II) EPR;
 - (III) Average A&O rate;
 - (IV) 1.0509; and
 - (V) 0.615; then
 - (ii) The total A&O subsidy paid to the Company for eligible crop insurance contracts subject to subparagraph (F) will be equal to the product of:
 - (I) The total A&O subsidy calculated for the Company according to subparagraph (F); and
 - (II) The ratio of clause (i) above divided by the sum of the A&O subsidies for all AIPs for all eligible crop insurance contracts calculated according to subparagraph (F) for the reinsurance year.
 - (iii) Any adjustment to the A&O subsidy amount determined in accordance with subparagraph (G) will be made on the monthly settlement report for the applicable reinsurance year and adjustments will end on the first annual settlement report for the reinsurance year.

- (H) Notwithstanding the provisions contained in subparagraph (F):
- (i) If the sum of the A&O subsidies for all AIPs for all eligible crop insurance contracts subject to subparagraph (F) for the reinsurance year is less than the product of the following:
 - (I) Total liability;
 - (II) EPR;
 - (III) Average A&O rate;
 - (IV) 1.0509; and
 - (V) 0.489; then
 - (ii) The total A&O subsidy paid to the Company for eligible crop insurance contracts subject to subparagraph (F) will be equal to the product of:
 - (I) The total A&O subsidy calculated for the Company according to subparagraph (F); and
 - (II) The ratio of clause (i) above divided by the sum of the A&O subsidies for all AIPs for all eligible crop insurance contracts calculated according to subparagraph (F) for the reinsurance year.
 - (iii) Any adjustment to the A&O subsidy amount determined in accordance with subparagraph (H) will be made on the first annual settlement report for the reinsurance year.
- (I) Notwithstanding subparagraphs (E) through (H), FCIC will pay additional A&O subsidy for eligible crop insurance contracts in States in which the loss ratio is greater than 120 percent of the total net book premium written in the State by all AIPs as follows:
- (i) FCIC will pay an additional A&O subsidy amount equal to 1.15 percent times the net book premium for eligible crop insurance contracts subject to subparagraphs (E) and (F) and calculated according to subparagraphs (E) and (F); and
 - (ii) Any adjustment to the loss ratio for a State will be made on the monthly settlement report for the applicable reinsurance year and adjustments will end subject to the limitations for

submitting data through automated systems, in accordance with Appendix III.

- (J) In addition to other provisions of this Agreement, the amount of A&O subsidy may be adjusted to a level that FCIC determines to be equitable if issuing or servicing eligible crop insurance contracts involves expenses that vary significantly from the basis used to determine the A&O subsidy under this section.
 - (K) The Company, for itself and any persons whose rights are derivative of the Company (including, but not limited to, assigns, successors, and representatives) hereby covenants and agrees that it will not institute or file any judicial or administrative proceeding, or cause the instituting or filing (directly or indirectly) of any judicial or administrative proceeding, or assist any third party that has instituted or filed any judicial or administrative proceeding, against FCIC, RMA, the United States Department of Agriculture, or any officer, agent, or director thereof (collectively, "FCIC"), challenging the legality of the terms and conditions of section III(a). Nothing in the forgoing precludes the Company from responding to a court order. This covenant and agreement may be pleaded by FCIC as a bar or release in the event any such judicial or administrative proceeding is instituted or filed. The Company and FCIC, prior to execution of this Agreement, had disputed the provisions of section III(a). That dispute now has been compromised in a manner mutually acceptable to the Company and FCIC, and, in consideration of that compromise, the Company agrees and covenants as set forth above. The Company shall require its agents to acknowledge in writing that the agents agree to and are bound by the same covenant not to sue contained in this paragraph. Such acknowledgement may be contained in an agent or other agreement.
- (3) The SSNs of all agents and loss adjusters, as applicable, who perform any service or related activity under an eligible crop insurance contract, shall be provided to FCIC in accordance with FCIC procedures. If the applicable SSN is not provided for an eligible crop insurance contract, the Company shall not receive any reinsurance for that eligible crop insurance contract until the appropriate SSN is provided.
 - (4) Compensation to persons involved in the direct sale and service of any eligible crop insurance contract under this Agreement, in accordance with FCIC procedures, shall only be paid or provided as follows:
 - (A) All compensation paid by the Company or its MGA shall be in writing, and provided to FCIC upon request.

- (B) Except as provided in subparagraph (C), in any State in which the Company is doing business, the Company, its MGA, or any affiliate shall not pay total compensation in excess of 80 percent of the total amount of A&O subsidy and CAT LAE calculated in accordance with subsection (a)(2) excluding any amounts paid under subsection (a)(2)(I), for such State. The calculation of the 80 percent is based on the amount paid by FCIC on the first annual settlement report for the reinsurance year.
- (C) The Company, its MGA, or any affiliates may only provide compensation in excess of that permitted in subparagraph (B) if:
- (i) The Company has been paid an underwriting gain under section II(b)(7) on the first annual settlement report for the reinsurance year;
 - (ii) For any State in which the Company is doing business, the total amount of all compensation paid under this subparagraph and subparagraph (B) does not exceed 100 percent of the total amount calculated for A&O subsidy and CAT LAE in accordance with subsection (a)(2), excluding any amounts paid under subsection (a)(2)(I), for such State. The calculation of the 100 percent is based on the amount paid by FCIC on the first annual settlement report for the reinsurance year; and
 - (iii) The total amount of compensation paid under this subparagraph to all persons in all States for the reinsurance year does not exceed:
 - (I) The underwriting gain paid to the Company under section II(b)(7) on the first annual settlement report for the reinsurance year; less
 - (II) Any net book quota share ceded to FCIC by the Company under section II(b)(8) on the first annual settlement report for the reinsurance year; plus
 - (III) Any disbursement of gains from the net book quota share received by the Company from FCIC under section II(b)(9) on the first annual settlement report for the reinsurance year; less
 - (IV) Any amounts obligated by the Company under reinsurance arrangements with entities that are not owned, in whole or in part, and controlled by the

Company subject to section II(b)(11) for the reinsurance year; plus

- (V) Any ceding commissions or other amounts received by the Company for reinsurance arrangements subject to section II(b)(11) for the reinsurance year.

- (E) If FCIC discovers that the Company, its MGA, or affiliate has paid compensation in excess of the amounts allowed in subparagraphs (B) or (C), the Company will be subject to any sanction described in this Agreement or applicable regulations. Any scheme or device to circumvent the limitations in subparagraphs (B) or (C) will be considered a violation of this Agreement.

(b) Administrative Fees

The Company shall remit to FCIC all administrative fees collected in accordance with the applicable eligible crop insurance contract and the following:

- (1) In the event the policyholder is a limited resource farmer as defined in the regulations, the Company shall submit the required information to FCIC and FCIC will waive the applicable fees on the monthly settlement report.
- (2) The Company shall terminate eligible crop insurance contracts if administrative fees are not paid by the date specified in the applicable eligible crop insurance contract for CAT coverage and report such termination to FCIC in accordance with FCIC procedures.
- (3) FCIC will perform debt collection activities for CAT administrative fees that have not been timely paid, provided the Company has followed FCIC procedures.

(c) Payments

- (1) With respect to payments due FCIC from the Company:
 - (A) Except as provided in subparagraph (B), all payments will be netted on the monthly and annual settlement reports with amounts due the Company from FCIC. FCIC will remit amounts due the Company by electronic funds transfer (EFT) on or before the FCIC payment date. Any amounts due FCIC or the Company that are not timely remitted are subject to the interest rate provisions contained in section IV(c), with such interest accruing from the date such payment was due to the date of payment.
 - (B) Amounts due FCIC on the September monthly settlement report following the end of the reinsurance year will be netted with amounts

due the Company on prior reinsurance year reports. The Company must remit amounts due no later than the Company payment date for the September monthly report. The A&O subsidy and CAT LAE shown on the September monthly settlement report following the end of the reinsurance year, will not be netted with amounts due from the Company, but will be paid no later than the third business day of October. All subsequent monthly or annual settlement reports for the reinsurance year will be paid as specified in subparagraph (A).

- (2) In the event that FCIC erroneously rejects data that was correctly submitted by the Company and a payment would be due to the Company if the data had not been rejected, the Company shall be entitled to interest accrued on this amount for the period of such delay, at the rate provided in section IV(c)(1).
- (3) Any funds paid by the Company to FCIC in the compromise and settlement of any dispute between FCIC and the Company in an amount less than FCIC claimed was due will be included on the monthly settlement report without regard to the provisions of section II(b).
- (4) Notwithstanding any other provision of this Agreement, if a review or examination reveals that the Company or its affiliates have committed an error or omission or failed to comply with a term of the Act, this Agreement, regulations, or FCIC procedures, FCIC will provide written notice to the Company within 3 years of the end of the insurance period when the error, omission or failure occurred, if the Company owes a debt to FCIC, unless the error, omission or failure was willful or intentional. The failure to provide timely notice required herein shall only relieve the Company from liability for the debt owed and not for other consequences of the error, omission or failure that address other obligations of the Company, including maintaining a satisfactory performance record. Written notice to the Company under this paragraph will:
 - (A) Describe the failure regarding compliance with a specified term of the Act, this Agreement, the regulations, or FCIC procedures;
 - (B) State that such failure results in an amount being owed to FCIC;
 - (C) Include the crop year and eligible crop insurance contract number(s) for which such failure occurred; and
 - (D) Provide sufficient detail to put the Company on general notice of the type of error, omission or failure alleged (such as failure to properly calculate the approved yield or failure to conduct a pre-acceptance inspection, etc.).

- (5) The Company shall provide written notice, in a form similar to the notice in paragraph (4), to FCIC of any claim that funds may be owed from FCIC to the Company within 3 years after annual settlement of the reinsurance year in which such funds are claimed to be owed. Failure to provide such notice shall relieve FCIC of the obligation to repay any amount that would be owed to the Company. If an investigation by FCIC determines that funds may be owed by FCIC to the Company, written notice does not need to be provided.

SECTION IV. GENERAL PROVISIONS

(a) Collection of Information and Data

- (1) The Company is required to collect and provide to FCIC all SSNs or EINs that are required to be submitted by the policyholder under the eligible crop insurance contract, and the SSNs of all employees, affiliates, and other persons as required by FCIC procedures. - (5) The Company shall report any loss or unauthorized disclosure of Protected Information or Personally Identifiable Information to FCIC within one hour of discovery of the loss or unauthorized disclosure of such information in accordance with Appendix III, and shall not distinguish between suspected or confirmed losses or disclosures.

- (b) Reports

- (D) For all other eligible crop insurance contracts not covered in subparagraphs (A) through (C), the transaction cutoff date for the week including the 30th calendar day after the sales closing date for the eligible crop insurance contract.
- (7) The A&O subsidy applicable to the eligible crop insurance contract determined in accordance with section III(a)(2) will be reduced whenever the information required by paragraph (5) has not been accepted by FCIC or such information is revised after the deadlines set forth in paragraph (6).
- (A) The A&O subsidy for the eligible crop insurance contract will be reduced by:
- (i) 1 percentage point if the required information is first accepted or revised after the transaction cut-off date for the week containing the 30th calendar day after the sales closing date (or other cancellation, approval, or signature date specified in paragraph (6)), but prior to the transaction cut-off date for the week containing the 60th calendar day;

- (B) The sanctions under this paragraph may be reduced or waived if the delay is caused in whole or in part by FCIC.
 - (C) If the eligible crop insurance contract or FCIC procedures require or allow the policyholder to make an election of, or change to, any information required to be reported under paragraph (5) after the applicable deadline specified in paragraph (6), the A&O subsidy reduction in paragraph (7) will not apply for that eligible crop insurance contract until the weekly transaction cutoff date containing the 30th calendar date after the date the policyholder is required to make such designation, or a determination by the Company in accordance with FCIC procedures, and the dates in paragraph (7)(A)(i), (ii), and (iii) are adjusted accordingly.

The Company's bank shall pledge collateral as required by 31 C.F.R. § 202 in the amount determined by FCIC.
 - (2) When an escrow account has been established, the Company may request FCIC to fund the escrow account by submitting indemnity data to FCIC in accordance with Appendix III. A request to fund the escrow account shall be deemed certified by an authorized officer or authorized employee of the Company that the information establishing the claim is correct and accurate. If the Company utilizes the escrow process to pay indemnities, prevented planting, or replant payments, the Company shall issue payment to the producer within 3 business days of submitting the request for escrow funding to FCIC.
 - (3) Any Company that elects not to utilize escrow funding will be reimbursed for paid losses validated and accepted on the monthly settlement report.
 - (4) The Company's bank may only draw funds from the escrow account when the instrument or document issued as payment of the indemnity, prevented planting payment or replant payment has cleared the Company's bank account.

-
- (5) If there is a shortfall of funds in the escrow account, it is the Company's responsibility to deposit funds to cover any shortages.
- (e) Supplemental Insurance
- (1) The Company shall not sell a contract of insurance or similar instrument, which is written in conjunction with an eligible crop insurance contract and not reinsured by FCIC, unless the Company has complied with the requirements of 7 C.F.R. § 400.713.
- (2) FCIC will not provide reinsurance for an eligible crop insurance contract if the Company sold a contract of insurance or instrument described in paragraph (1) that FCIC determines to have shifted risk to, or increases the risk of, such eligible crop insurance contract reinsured under this Agreement, or if the Company administers such insurance or instrument in a manner inconsistent with information submitted in accordance with 7 C.F.R. § 400.713.
- (3) The Company shall maintain, and make available at the request of FCIC, the underwriting information pertaining to a contract of insurance or instrument described in paragraph (1), including, but not limited to, the policy number and all SSNs and EINs related to the eligible crop insurance contract.
- (4) If the terms of a contract of insurance or instrument described in paragraph (1) become inconsistent with the terms of the eligible crop insurance contract causing payments to be made under the eligible crop insurance contract that would not otherwise be payable, reinsurance will be denied.
- (f) Insurance Operations
- (1) General
- (A) The Company shall verify yields and other information used to establish insurance guarantees and indemnity payments in accordance with the regulations and FCIC procedures.
- (B) The Company shall use contracts, standards, FCIC procedures, methods, and instructions as authorized by FCIC in the sale and service of eligible crop insurance contracts.
- (C) The Company shall comply with standards and FCIC procedures to create forms used in the sales and service of any eligible crop insurance contract.

(2) Plan of Operations

- (A) The Company's complete Plan of Operations shall be submitted to FCIC by April 1 preceding the reinsurance year, unless otherwise authorized by FCIC. The Plan of Operations shall meet the requirements of this Agreement, including, but not limited to, the format and all requirements specified in Appendix II, to be considered a complete Plan of Operations.
- (B) The Plan of Operations contains integral terms to this Agreement so no Agreement exists for a reinsurance year until the Plan of Operation has been approved by FCIC. Once approved by FCIC, the Company's Plan of Operations becomes an Appendix to the Agreement.
- (C) If the Plan of Operations is not approved by FCIC by the July 1 start of the reinsurance year:
- (i) FCIC may, at its sole discretion, provide the Company with written notice:
- (I) Agreeing to reinsure and pay CAT LAE, A&O subsidy and risk subsidy for eligible crop insurance contracts that are renewed or sold by or on behalf of the Company while FCIC continues its evaluation of the Plan of Operations: or
- (II) Directing the Company and any of its service providers and agents to cease the renewal or sale of eligible crop insurance contracts until FCIC determines whether to approve or disapprove the Plan of Operations.
- (ii) Any eligible crop insurance contract sold or renewed after FCIC has provided written notice that the Company shall cease the renewal or sale of eligible crop insurance contracts until FCIC determines whether to approve or disapprove the Plan of Operations will not be provided reinsurance, A&O subsidy, CAT LAE, or risk subsidy.
- (iii) If FCIC authorizes the continued renewal or sale of eligible crop insurance contracts by or on behalf of the Company while FCIC completes its evaluation of the Plan of Operations and:

- (I) Approves the Plan of Operations, the renewed and sold eligible crop insurance contracts will be reinsured under the newly approved Plan of Operations; or
 - (II) Disapproves the Plan of Operations, the eligible crop insurance contracts renewed or sold during the evaluation period will be transferred to FCIC and will be processed in accordance with section IX of Appendix I.
- (D) The Company shall be in compliance with the Freedom to E-File Act and section 508 of the Rehabilitation Act. The Company shall file its plan for meeting the requirement of these statutory provisions, in accordance with Appendix II.
- (g) Access to Records and Operations
- (1) Upon written request, unless otherwise authorized by the FCIC Manager, the Company shall provide FCIC reasonable access to its offices, personnel, and all records that pertain to the business conducted under, or the requirements contained in, this Agreement, including, but not limited to, access to records on the operation of the Company, at any time during normal business hours.
 - (2) The Company shall enter into, and enforce agreements to ensure that its affiliates provide FCIC and the Company with access to its affiliates' offices, personnel, and all records that pertain to the business conducted under, or the requirements contained in, this Agreement, including, but not limited to, access to records on the operation of such affiliate, at any time during normal business hours.
 - (3) The Company shall designate in its Plan of Operations where the records pertaining to the business conducted under this Agreement are located. In the case of electronic records, the location of computers or servers may be deemed the designated location.
 - (4) Records described in this subsection shall be retained until 3 years after the last day on which records may be submitted through automated systems in accordance with Appendix III.
 - (5) FCIC may require the Company and its affiliates to retain certain specified records for a longer period than required in paragraph (4) if it so notifies the Company in writing at any time before the expiration of the applicable 3-year period. If the applicable 3-year period has expired and the Company or its affiliate still has the records in their possession, FCIC can

require that such records be retained for a longer period by providing written notice.

- (6) Notwithstanding paragraph (4), records regarding an unsatisfied debt of a policyholder shall be retained until the debt is satisfied or is discharged through bankruptcy proceedings.
- (7) For the purpose of this subsection the term "FCIC" includes all U.S. Government agencies including, but not limited to, USDA Office of Inspector General, the Government Accountability Office, and the Department of Labor.

(h) Compliance and Corrective Action

- (1) The Company and its affiliates shall comply with the provisions of this Agreement, as applicable. The Company is solely responsible for the conduct and performance of its personnel and affiliates with respect to the obligations imposed by this Agreement and FCIC procedures. Liability for damages incurred, to the extent it is caused by an error or omission or failure to comply with this Agreement or applicable FCIC procedures, is the sole responsibility of the Company. The assumption of liability under this section is only for the purpose of this Agreement and may not be relied upon by any person or entity not a part to this Agreement for any purpose.
- (2) In addition to paragraph (1), the Company and its affiliates shall comply with FCIC procedures, and the applicable laws of the States in which the Company is conducting business under this Agreement, unless preempted in accordance with section IV(o).
- (3) The Company shall fully cooperate with FCIC in the review or examination of the Company or its affiliates regarding compliance with the requirements of the Agreement and FCIC procedures. The Company shall include in its agreements with its affiliates provisions that ensure that such affiliates agree to cooperate and assist FCIC in the reviews and examinations conducted in accordance with this Agreement.
- (4) In addition to any other remedies available under this Agreement, if FCIC finds that the Company has not complied with a provision of this Agreement, and the Company has not taken appropriate steps to correct the act of non-compliance, FCIC may, at its sole discretion, require that the Company take corrective action within 45 days of the date of making a written demand. The Company shall provide FCIC with satisfactory documentary evidence of the corrective action taken to address the act of non-compliance.

-
- (5) If a State makes a determination that the Company or its affiliates are not in compliance with state law and FCIC determines such non-compliance is material to the Company's obligations under this Agreement, and all appeals have been exhausted, FCIC will take remedial actions, which may include suspension or termination of this Agreement in accordance with section IV(i) and (j), denial of reinsurance, A&O subsidy, CAT LAE, and risk subsidy, for all eligible crop insurance contracts for which such non-compliance occurred, in whole or in part, depending on the materiality or severity of the non-compliance.
- (6) In addition to any other remedies in this Agreement, if FCIC determines that the Company or its affiliate willfully violated the Agreement or FCIC procedures, FCIC reserves the right to deny reinsurance, A&O subsidy, CAT LAE, and risk subsidy for any insurance contract that is sold or serviced in violation of the terms of this Agreement or FCIC procedures.
- (7) Whenever a failure to comply with a provision of this Agreement or FCIC procedures by the Company or its service providers, agents, and loss adjusters materially affects the existence or amount of the indemnity, prevented planting payment, replant payment, or premium for an eligible crop insurance contract (including, but not limited to, incorrect APH calculations; improper adjustment of losses; sales agents or sales supervisors involved in the adjustment of losses; failure to verify eligibility for insurance, acreage planted or prevented from being planted, insurable shares, insurable causes of loss, or unit division) and FCIC is:
- (A) Able to determine the correct amount of indemnity, prevented planting payment, replant payment, or premium, FCIC, except as provided in paragraph (8)(A), will deny A&O subsidy, CAT LAE, and risk subsidy or reduce the A&O subsidy or CAT LAE for the eligible crop insurance contract based on the severity of the failure, and require the Company:
- (i) To report to FCIC through PASS the correct amount of indemnity, prevented planting payment, replant payment, and premium;
- (ii) To pay to the policyholder any amount of underpaid indemnity, prevented planting payment, replant payment, or overpaid premium; and
- (iii) To pay to FCIC any overpaid indemnity, prevented planting payment, replant payment, or underpaid premium and any subsidy that exceeds the amount the Company or policyholder was entitled to receive.

- (B) Unable to determine the correct amount of indemnity, prevented planting payment, replant payment, or premium that should have been paid, FCIC shall deny reinsurance, A&O subsidy, CAT LAE and risk subsidy, in whole or in part, based on the severity of the failure, unless the Company can provide documentary evidence satisfactory to FCIC that shows the correct amount of the indemnity, prevented planting payment, replant payment, or premium.
- (8) The Company provides valuable program delivery services for which payment is made in the form of A&O subsidy and CAT LAE. FCIC and the Company agree that FCIC is damaged by a failure of the Company or its service providers, agents, and loss adjusters to provide services or to comply with a provision of this Agreement or FCIC procedures, and that the value of such service or failure to comply is difficult to determine because the damages are uncertain and the amount of service or failure to comply is difficult to quantify. FCIC and the Company agree that in view of the difficulty of determining the value of such service, the amounts stated below are reasonable estimates of the value. In the event there is a pattern or practice of failing to comply with the Agreement or FCIC procedures and FCIC has determined the Company or its service providers, agents, and loss adjusters have failed to provide services or to comply with a provision of this Agreement or FCIC procedures and such failure has occurred:
- (A) During the sales and service, claims, or operations process, the Company agrees to pay FCIC an amount up to the entire A&O subsidy or CAT LAE, as applicable, on all crop insurance contracts affected by the failure based on the materiality or severity of the failure, as determined by FCIC; and
- (B) If a pattern or practice under this paragraph also involves overpaid indemnities that may be collected under paragraph (7)(A), any reduction in A&O subsidies and CAT LAE will be imposed under this paragraph, not paragraph (7)(A).
- (9) Failure of the Company or its affiliates to cease or desist any activity or to take a specific action, as required by FCIC in writing, will subject the Company or its affiliates to the sanctions in section 515(h) of the Act (7 U.S.C. § 1515(h)).
- (10) Any payment due from, or paid by, the Company under this subsection shall be in addition, and without prejudice, to any other rights of FCIC, or the United States. FCIC may, at its sole discretion, waive, reduce or delay repayment if such actions are needed for continued delivery of the program.

- (11) Failure of the Company to make payment in accordance with the provisions of this Agreement, or with provisions of any separate written agreement to make such payment between the Company and FCIC, shall subject the Company to the remedies available under this Agreement.
- (12) Nothing in this subsection prevents FCIC from suspending or terminating this Agreement in accordance with section IV(i) and (j).
- (13) Nothing in this Agreement precludes the government from taking any actions authorized by law relating to fraud, waste, or abuse.

(i) Suspension

In addition to the other remedies available in this Agreement, FCIC may suspend this Agreement for cause due to a material breach or failure to perform or comply with obligations under this Agreement. If this Agreement is suspended for cause:

- (1) Except as provided in paragraph (3), the suspension will remain in effect until FCIC determines that the error or omission has been corrected and that steps have been taken to prevent its occurrence.
- (2) While suspended, the Company shall not, as determined by FCIC:
 - (A) Sell, or authorize to be sold, any new crop insurance contracts;
 - (B) Renew, or authorize the renewal of, existing eligible crop insurance contracts; or
 - (C) Service any eligible crop insurance contracts in effect at the time of the suspension (A&O subsidy and CAT LAE will continue to be paid only for those eligible crop insurance contracts that FCIC requires to be serviced).
- (3) If the eligible crop insurance contracts are not serviced as required by paragraph (2)(C), or errors or omissions are not corrected within the timeframe specified by FCIC, the suspension will remain in effect and this Agreement will automatically terminate at the end of the reinsurance year, or an earlier date if notice of termination is provided by FCIC, and A&O subsidy and CAT LAE will be denied.
- (4) Notwithstanding any other provision of this Agreement, during the period of suspension, the Company may submit a request to FCIC for approval by FCIC to not renew some or all of the existing eligible crop insurance contracts. Each request shall contain supporting documentation stating the basis for the request and the proposed implementation of the request.

-
- (5) Any eligible crop insurance contract that is sold or renewed if precluded by FCIC, while this Agreement is suspended will not receive reinsurance, A&O subsidy, CAT LAE or risk subsidy for such eligible crop insurance contracts.
- (6) Any eligible crop insurance contract not renewed in accordance with this subsection shall be canceled in accordance with the terms of the eligible crop insurance contract not later than 15 days before the next applicable cancellation date.
- (j) Termination
- (1) Notwithstanding any other provision of this Agreement, FCIC may terminate this Agreement for cause due to a material failure to perform or comply with this Agreement or the FCIC procedures, or for the convenience of the government.
- (2) Termination will be effective on the date specified by FCIC but under no circumstances will it be after the last day of the reinsurance year.
- (3) If this Agreement is terminated, FCIC will not provide reinsurance for eligible crop insurance contracts issued or renewed after the date of the termination. Except as otherwise provided in this Agreement, FCIC will provide reinsurance in accordance with the terms of the Agreement, for eligible crop insurance contracts in effect as of the date of the termination until the next cancellation date for the eligible crop insurance contract.
- (4) In addition to any other reductions provided in the Agreement, if this Agreement is terminated by FCIC for cause, the Company shall pay FCIC an amount not greater than 10 percent of the net book premium for all eligible crop insurance contracts in its book of business based on the materiality or severity of the cause. All amounts collected under this paragraph will be placed in the Contingency Fund.
- (5) After termination of this Agreement, unless otherwise specified in this Agreement, all of the Company's eligible crop insurance contracts in its book of business shall be cancelled in accordance with the terms of such contract not later than 15 days before the next applicable cancellation date.
- (k) Disputes and Appeals
- (1) If the Company disputes an action, finding, or decision of FCIC under this Agreement, the Company shall seek a final administrative decision regarding such action, finding, or decision in accordance with the provisions of 7 C.F.R. § 400.169 before seeking judicial review.

-
- (2) If the Company seeks a final administrative decision or reconsideration in accordance with 7 C.F.R. § 400.169, FCIC will, in most cases, issue a fully documented decision within 90 days of the receipt of a notice of dispute accompanied by all information necessary to render a decision. If a decision cannot be issued within 90 days, FCIC will notify the Company within the 90-day period of the reasons why such a decision cannot be issued and when it will be issued.
- (l) Agreement Change Date
- (1) This is a single year Agreement that ends June 30 of the reinsurance year. The Company can enter into a new Agreement under the terms and conditions, except for issuances and revisions pertaining to Appendix III, that exist as of March 15 preceding the reinsurance year by filing a Plan of Operations and obtaining approval from FCIC.
- (2) If Congress enacts legislation on or before June 30 that will affect the terms of the Agreement for the next reinsurance year, the Company may, within 15 days of the date of enactment:
- (A) Withdraw its Plan of Operations; or
- (B) Amend its Plan of Operations, according to FCIC procedures.
- (m) Funding Contingency
- If Congress makes any change in law that will affect the amount of funds authorized to be paid under this Agreement, the affected provisions in this Agreement will be automatically revised to reflect such change in funding. Under no circumstance may a payment be made under this Agreement that is in excess of the amount authorized by law at the time such amount may be owed.
- (n) Previous Obligations
- Any obligations continuing under any previous Agreement will remain subject to the terms and conditions of such previous Agreement.
- (o) Preemption of State Law
- (1) In accordance with section 506(l) of the Act (7 U.S.C. § 1506(l)), the provisions of this Agreement that are inconsistent with provisions of State or local law will supersede such law to the extent of the inconsistency.
- (2) The provisions of 7 C.F.R. part 400, subpart P pertaining to preemption of State or local laws or regulations are specifically incorporated herein and made a part hereof.

- (3) No assessment for any guarantee funds or similar programs may be computed or levied on the Company by any State for or on account of any premiums payable on eligible crop insurance contracts reinsured under this Agreement.
- (4) No State or local regulatory authority, including without limitation a State's insurance commissioner, department, or comparable public authority, may enforce or seek to enforce any provision of the Act, the regulations, this Agreement, or any FCIC procedures, without the prior written consent of FCIC.

(p) Discrimination

The Company shall not discriminate against any employee, applicant for employment, insured, applicant for insurance, or potential applicant for insurance because of race, color, national origin, religion, sex, age, disability, marital status, or in retaliation for exercising his or her rights under applicable Federal law. The Company shall be in substantial compliance with all applicable Federal laws prohibiting discrimination.

(q) Set Off

- (1) Funds due from the Company may be set off under the provisions of this Agreement or under the provisions of 31 U.S.C. chapter 37.
- (2) Any amount due the Company under this Agreement is not subject to any lien, attachment, garnishment, or any other similar process prior to that amount being paid under this Agreement, unless such lien, attachment, or garnishment arises under title 26 of the United States Code.
- (3) Set off as provided in this section will not deprive the Company of any right it might otherwise have to contest the indebtedness involved in the set off action by administrative appeal.
- (4) In the event a Company fails to pay any amount when due under this Agreement, any further payments to the Company from FCIC will be set off against any amounts due FCIC regardless of the reinsurance year until such amounts are paid with appropriate interest.
- (5) Notwithstanding an assignment made in accordance with section IV(r), FCIC may set off:
 - (A) Any amount due FCIC under this Agreement;
 - (B) Any amounts for which the Company is indebted to the United States for taxes for which a notice of lien was filed or a notice of

levy was served in accordance with the provisions of the Internal Revenue Code of 1986 (26 U.S.C. § 6323), or any amendments thereto or modifications thereof, before acknowledgment by FCIC of receipt of the notice of assignment; and

- (C) Any amounts, other than amounts specified in subparagraphs (A) and (B) due to FCIC or any other agency of the United States, if FCIC notified the assignee of such amounts to be set off at or before the time acknowledgment was made of receipt of the notice of assignment.
- (r) Assignment
- (1) No assignment by the Company shall be made of the Agreement, or the rights thereunder, unless:
 - (A) The Company assigns the proceeds of the Agreement to a bank, trust company, or other financing institution, including, but not limited to, any federal lending agency, or to a person or firm that holds a lien or encumbrance at the time of assignment; and
 - (B) The Company receives the prior approval of FCIC to assign the proceeds of this Agreement to any other person or firm.
 - (2) Any assignment made under paragraph (1):
 - (A) Will be recognized only if and when the assignee thereof files with FCIC a written notice of the assignment together with a signed copy of the instrument of assignment;
 - (B) Shall cover all amounts payable and not already paid under the Agreement;
 - (C) Shall not be made to more than one party; and
 - (D) Shall not be subject to further assignment, except that any such assignment may be made to one party as agency or trustee for two or more parties.
