DEPARTMENT OF AGRICULTURE

Federal Crop Insurance Corporation

AGENCY: Federal Crop Insurance Corporation, USDA.

ACTION: Final rule.

SUMMARY: The Federal Crop Insurance Corporation (FCIC) is removing various outdated provisions in 7 CFR chapter IV that are no longer required in the administration of the Federal crop insurance program.

EFFECTIVE DATE: May 6, 2002.

SUPPLEMENTARY INFORMATION:

Executive Order 12866

This rule has been determined to be exempt for the purposes of Executive Order 12866 and, therefore, has not been reviewed by the Office of Management and Budget (OMB).

Paperwork Reduction Act of 1995

This rule does not contain information collection requirements that would require approval by OMB under the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35).

Unfunded Mandates Reform Act of 1995

Title II of the Unfunded Mandates Reform Act of 1995 (UMRA) establishes requirements for Federal agencies to assess the effects of their regulatory actions on State, local, and tribal governments or the private sector. This rule contains no Federal mandates (under the regulatory provisions of title II of the UMRA) for State, local, and tribal governments or the private sector. Therefore, this rule is not subject to the requirements of sections 202 and 205 of the UMRA.

Executive Order 13132

The rule will not have a substantial direct effect on states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government. Nor does this rule impose substantial direct compliance costs on state and local governments. Therefore, consultation with the states is not required.

Regulatory Flexibility Act

This regulation will not have a significant economic impact on a substantial number of small entities. No additional work is required as a result of this action on the part of either the insured or the insurance companies. Additionally, the regulation does not require any action on the part of small entities than is required on the part of large entities. Therefore, this action is determined to be exempt from the provisions of the Regulatory Flexibility Act (5 U.S.C. 605), and no Regulatory Flexibility Analysis was prepared.

Federal Assistance Program

This program is listed in the Catalog of Federal Domestic Assistance under No. 10.450.

Executive Order 12372

This program is not subject to the provisions of Executive Order 12372 which require intergovernmental consultation with State and local officials. See the Notice related to 7 CFR part 3015, subpart V, published at 48 FR 29115, June 24, 1983.

Executive Order 12988

This rule has been reviewed in accordance with Executive Order 12988 on civil justice reform. The provisions of this rule will not have a retroactive effect. The provisions of this rule will preempt State and local laws to the extent such State and local laws are inconsistent herewith. The administrative appeal provisions published at 7 CFR part 11 or 7 CFR 400.169, as applicable, must be exhausted before any action for judicial review of any determination or action by FCIC may be brought.

Environmental Evaluation

This action is not expected to have a significant impact on the quality of the human environment, health, and safety. Therefore, neither an Environmental Assessment nor an Environmental Impact Statement is needed.

Background

FCIC has reviewed its regulations published at 7 CFR chapter IV and determined that the provisions for the late planting agreement option, published at 7 CFR part 400, subpart A are no longer applicable because the crops for which this option was available are now all covered under 7 CFR part 457 and the late planting provisions are incorporated into the policy. The administrative provisions relating to individual yield coverage plans, published at 7 CFR part 400, subpart B are no longer necessary because FCIC utilizes the actual production history of producers to determine guarantees and those provisions are published at 7 CFR part 400, subpart G. Further, the provisions relating to applications, published at 7 CFR part 400, subpart D, are best placed in procedures to allow the maximum flexibility for private insurance companies. The administrative provisions relating to the 1988 disaster program published at 7 CFR part 400, subpart N, are no longer applicable. Section 400.656 at 7 CFR part 400, subpart T, is no longer applicable because these prevented planting provisions are included in 7 CFR part 457. Additionally, § 400.657 at 7 CFR part 400, subpart T, is no longer applicable because it was effective for the 1995–1997 crop years. FCIC is also removing crop insurance contract provisions in 7 CFR part 401 because insurance for those crops are now available under the crop insurance contract provisions published at 7 CFR part 457.

Since the purpose of this rule is simply to remove those provisions that are no longer necessary in the administration of the Federal crop insurance program, this rule is considered a rule of agency practice or procedure. Therefore, under section 553(b) of the Administrative Procedures
Act, this rule does not need to be published for notice and comment. List of Subjects in 7 CFR Parts 400, 401, 403, 405, 406, 409, 414, 415, 416, 422, 425, 430, 433, 435, 437, 441, 443, 445, 446, 447, 450, 451, 454, 455, 456, and 458

Crop Insurance.

[Docket No. FV02–916–1 IFR]

Nectarines and Peaches Grown in California; Revision of Handling Requirements for Fresh Nectarines and Peaches

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Interim final rule with request for comments.

SUMMARY: This rule revises the handling requirements for California nectarines and peaches by modifying the grade, size, maturity, container, container marking, and pack requirements for fresh shipments of these fruits, beginning with 2002 season shipments. This rule also continues a modification of the requirements for placement of Federal-State Inspection Service lot stamps for the 2002 season only, adds a new standard container, and establishes weight-count standards for Peento (donut) variety peaches. The marketing orders regulate the handling of nectarines and peaches grown in California and are administered locally by the Nectarine Administrative and Peach Commodity Committees (committees). This rule enables handlers to continue shipping fresh nectarines and peaches meeting consumer needs in the interests of producers, handlers, and consumers of these fruits.

DATES: Effective April 6, 2002.

Comments received by June 4, 2002, will be considered prior to issuance of any final rule.

ADDRESSES: Interested persons are invited to submit written comments concerning this rule. Comments must be sent to the Docket Clerk, Fruit and Vegetable Programs, AMS, USDA, 1400 Independence Avenue, SW STOP 0237, Washington, DC 20250–0237; Fax: (202) 720–8938, or E-mail: moab.docketclerk@usda.gov. All comments should reference the docket number and the date and page number of this issue of the Federal Register and will be made available for public inspection at the Office of the Docket Clerk during regular business hours, or can be viewed at: http://www.ams.usda.gov/fv/moab.html.
